P.C. 2022-106
February 14, 2022

Whereas the Governor in Council believes, on reasonable grounds, that a public order emergency exists and necessitates the taking of special temporary measures for dealing with the emergency;

And whereas the Governor in Council has, before declaring a public order emergency and in accordance with subsection 25(1) of the *Emergencies Act*, consulted the Lieutenant Governor in Council of each province, the Commissioners of Yukon and the Northwest Territories, acting with consent of their respective Executive Councils, and the Commissioner of Nunavut;

Therefore, Her Excellency the Governor General in Council, on the recommendation of the Minister of Public Safety and Emergency Preparedness, pursuant to subsection 17(1) of the *Emergencies Act*, directs that a proclamation be issued

(a) declaring that a public order emergency exists throughout Canada and necessitates the taking of special temporary measures for dealing with the emergency;

(b) specifying the emergency as constituted of

- (i) the continuing blockades by both persons and motor vehicles that is occurring at various locations throughout Canada and the continuing threats to oppose measures to remove the blockades, including by force, which blockades are being carried on in conjunction with activities that are directed toward or in support of the threat or use of acts of serious violence against persons or property, including critical infrastructure, for the purpose of achieving a political or ideological objective within Canada,
- (ii) the adverse effects on the Canadian economy — recovering from the impact of the pandemic known as the coronavirus disease 2019 (COVID-19) — and threats to its economic security resulting from the impacts of blockades of critical infrastructure, including trade corridors and international border crossings,
- (iii) the adverse effects resulting from the impacts of the blockades on Canada's relationship with its trading partners, including the United States, that are detrimental to the interests of Canada,
- (iv) the breakdown in the distribution chain and availability of essential goods, services and resources caused by the existing blockades and the risk that this breakdown will continue as blockades continue and increase in number, and
- (v) the potential for an increase in the level of unrest and violence that would further threaten the safety and security of Canadians; and

- 3 -

(c) specifying that the special temporary measures that may be necessary for dealing with the emergency, as anticipated by the Governor in Council, are

(i) measures to regulate or prohibit any public assembly — other than lawful advocacy, protest or dissent — that may reasonably be expected to lead to a breach of the peace, or the travel to, from or within any specified area, to regulate or prohibit the use of specified property, including goods to be used with respect to a blockade, and to designate and secure protected places, including critical infrastructure,

(ii) measures to authorize or direct any person to render essential services of a type that the person is competent to provide, including services related to removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade anywhere in Canada, to relieve the impacts of the blockades on Canada's public and economic safety, including measures to identify those essential services and the persons competent to render them and to provide reasonable compensation in respect of services so rendered,

- 4 -

(iii) measures to authorize or direct any person to render essential services to relieve the impacts of the blockade, including measures to regulate or prohibit the use of property to fund or support the blockade, to require any crowdfunding platform and payment processor to report certain transactions to the Financial Transactions and Reports Analysis Centre of Canada and to require any financial service provider to determine whether they have in their possession or control property that belongs to a person who participates in the blockade,

(iv) measures to authorize the Royal Canadian Mounted Police to enforce municipal and provincial laws by means of incorporation by reference,

(v) the imposition of fines or imprisonment for contravention of any order or regulation made under section 19 of the *Emergencies Act*; and

(vi) other temporary measures authorized under section 19 of the *Emergencies Act* that are not yet known.

PRIVY COUNCIL • CONSEIL PRIVE

C.P. 2022-106
14 février 2022

Attendu que la gouverneure en conseil croit, pour des motifs raisonnables, qu'il se produit un état d'urgence justifiant en l'occurrence des mesures extraordinaires à titre temporaire;

Attendu que la gouverneure en conseil a, conformément au paragraphe 25(1) de la *Loi sur les mesures d'urgence*, consulté le lieutenant-gouverneur en conseil de chaque province, les commissaires du Yukon et des Territoires du Nord-Ouest agissant avec l'agrément de leur conseil exécutif respectif, et le commissaire du Nunavut, avant de faire la déclaration d'état d'urgence,

À ces causes, sur recommandation du ministre de la Sécurité publique et de la Protection civile et en vertu du paragraphe 17(1) de la *Loi sur les mesures d'urgence*, Son Excellence la Gouverneure générale en conseil ordonne que soit prise une proclamation :

a) déclarant qu'il se produit un état d'urgence dans tout le pays justifiant en l'occurrence des mesures extraordinaires à titre temporaire;

b) décrivant l'état d'urgence comme prenant la forme suivante :

(i) les blocages continus mis en place par des personnes et véhicules à différents endroits au Canada et les menaces continues proférées en opposition aux mesures visant à mettre fin aux blocages, notamment par l'utilisation de la force, lesquels blocages ont un lien avec des activités qui visent à favoriser l'usage de la violence grave ou de menaces de violence contre des personnes ou des biens, notamment les infrastructures essentielles, dans le but d'atteindre un objectif politique ou idéologique au Canada,

(ii) les effets néfastes sur l'économie canadienne — qui se relève des effets de la pandémie de la maladie à coronavirus 2019 (COVID-19) — et les menaces envers la sécurité économique du Canada découlant des blocages d'infrastructures essentielles, notamment les axes commerciaux et les postes frontaliers internationaux,

(iii) les effets néfastes découlant des blocages sur les relations qu'entretient le Canada avec ses partenaires commerciaux, notamment les États-Unis, lesquels effets sont préjudiciables aux intérêts du Canada,

(iv) la rupture des chaînes de distribution et de la mise à disposition de ressources, de services et de denrées essentiels causée par les blocages existants et le risque que cette rupture se perpétue si les blocages continuent et augmentent en nombre,

(v) le potentiel d'augmentation du niveau d'agitation et de violence qui menaceraient davantage la sécurité des Canadiens;

c) indiquant que la gouverneure en conseil juge les mesures d'intervention ci-après nécessaires pour faire face à l'état d'urgence :

(i) des mesures pour réglementer ou interdire les assemblées publiques — autre que les activités licites de défense d'une cause, de protestation ou de manifestation d'un désaccord — dont il est raisonnable de penser qu'elles auraient pour effet de troubler la paix, les déplacements à destination, en provenance ou à l'intérieur d'une zone désignée, pour réglementer ou interdire l'utilisation de biens désignés, notamment les biens utilisés dans le cadre d'un blocage, et pour désigner et aménager des lieux protégés, notamment les infrastructures essentielles,

(ii) des mesures pour habiliter toute personne compétente à fournir des services essentiels ou lui ordonner de fournir de tels services, notamment l'enlèvement, le remorquage et l'entreposage de véhicules, d'équipement, de structures ou de tout autre objet qui font partie d'un blocage n'importe où au Canada, afin de pallier les effets des blocages sur la sécurité publique et économique du Canada, notamment des mesures pour cerner ces services essentiels et les personnes compétentes à les fournir, ainsi que le versement d'une indemnité raisonnable pour ces services,

- 4 -

(iii) des mesures pour habiliter toute personne à fournir des services essentiels ou lui ordonner de fournir de tels services afin de pallier les effets des blocages, notamment des mesures pour réglementer ou interdire l'usage de biens en vue de financer et d'appuyer les blocages, pour exiger de toute plateforme de sociofinancement et de tout fournisseur de traitement de paiement qu'il déclare certaines opérations au Centre d'analyse des opérations et déclarations financières du Canada et pour exiger de tout fournisseur de services financiers qu'il vérifie si des biens qui sont en sa possession ou sous son contrôle appartiennent à une personne qui participe à un blocage,

(iv) des mesures pour habiliter la Gendarmerie royale du Canada à appliquer les lois municipales et provinciales au moyen de l'incorporation par renvoi,

(v) en cas de contravention aux décrets ou règlements d'application de l'article 19 de la *Loi sur les mesures d'urgence*, l'imposition d'amendes ou de peines d'emprisonnement,

(vi) toute autre mesure d'intervention autorisée par l'article 19 de la *Loi sur les mesures d'urgence* qui est encore inconnue.

1.0 SITUATION

2.0 MISSION

To clear the parking lot and of RCGT Park, 302 Coventry Rd, which is city of Ottawa property. It is being occupied by citizens as a command post, and fuel depot, in support of the Freedom Convoy, in contravention of the Trespass to Property Act. Further, to clear the property while maintaining officer safety and public safety and to maintain the area until it can be secured by a perimeter fence and handed over to private security.

3.0 EXECUTION

POLICE LIAISON TEAM (PLT)

PLTs will liaise, utilizing prepared messaging, with anyone occupying the identified area and request they leave the property. PLT's have given a strong message to clear the area or the persons remaining would face a detention and being investigated for the offence of Trespass to Property, and dependent upon their actions, applicable criminal offences such as resist arrest, assault police, obstruct police, and/or mischief for example. PLT messaging will be phased in conjunction with addition of officer presence, prior to any actions on should they be required by Public Order.

PUBLIC ORDER UNIT (POU)

All POU will convoy from the designated briefing location. Convoy will arrive via Westbound Coventry Rd, entering the laneway on the East side of the baseball stadium. Convoy will drive around the south end of the park and stage facing north on the East side lane of the parking lot area. Team will debus and stage formed up at the south end. POU will be accompanied by Tactical, Hand off teams for arrest, mobile arrest and processing team, traffic enforcement resources and tow operations. Volume of resources will be dictated by intelligence provided prior to actioning.

Phase 1:

PLT will attend and provide messaging to persons occupying the parking lot and property, following the scripted messaging plan (PLT & media plans). POU will stand by.

Phase 2:

POU will perform a clearing wave and remove those still inhabiting the property re-iterating the messaging to gather up their property and leave the lot. If compliance results POU will stand by to allow inhabitants to collect their property and vacate in an orderly manner. If non-compliance results, POU will arrest those individuals and deliver them to hand off team for processing.

Phase 4:

POU will secure the property while it is being cleared and assist, if possible, with removal strategies on ground until completion. City partners will fence and/or barricade perimeter.

Phase 5:

POU will turn over responsibility of the property to contracted private security arranged by the complainant.

Note:

If possible, Ottawa Police Service POU will be assigned as the primary detention/arrest mechanism. OPS will transfer custody to a HOT member. OPS officers will advise the HOT member of their name, badge number and the reason for detention or arrest. HOT officers will take custody and walk the detained person off the property. If the detainee does not qualify for release, Prisoner Transport vehicles will be located for the first phase of processing. HOT officers will search, identify, read the person RTC/caution/Section 524 warning and stand by for an investigator to be assigned.

Prisoner transportation vehicles will be stacked at the front of the convoy at the edge of the site.

OPS tactical & negotiators will address situations of any persons if they barricade inside their vehicles refusing to vacate.

Fire and Medic public order resources are embedded within the public order section structure to support the mandate and enable an immediate coordinated tri-service response to fire, medical, or decontamination procedures.

POU will remain at the site until it's cleared of vehicles and pedestrians and traffic routes are open.

The plan will be supported by the overall plan, including the:

- Obstruction Removal plan
- Traffic and Tow plans
- Hand off team and arrest plans
- Tactical plan
- Medical and fire contingencies

Debrief and Accountability**Debrief:****Accountability (equipment return):****Images:****4.0 ADMINISTRATION****5.0 COMMAND AND CONTROL**

6.0 AUTHORITIES

Any participant that does not leave voluntarily will be detained and investigated for the Criminal Code offence of Mischief. Anyone who interferes with police members engaged in the lawful execution of their duties will be arrested for obstructing police.

Tactical SMEAC – Freedom Convoy**18 Feb, 2022****Situation**

The Freedom Convoy is an ongoing protest against government imposed Covid 19 restrictions and mandates. Truck convoys from across Canada converged on Ottawa on January 29, 2022. Truck convoys were reinforced by numerous smaller vehicles as well as pedestrians. They appear to have fragmented leadership, but the general demand is that they will not leave until all mandates are lifted. Some of the more extreme groups have demanded that the Federal Government step down.

It is estimated that there are approximately 500 trucks in the city. Many have been parked and abandoned while others are used by drivers to sleep in. Pedestrian and small vehicle support pours in on weekends increasing their numbers to an estimated 5000-7000.

Large trucks have been parked strategically in the downtown core. The bulk of them are on Wellington Street, Kent Street, Bank Street, Metcalfe Street, and the Sir John A MacDonald Parkway.

Mission

Tactical Units will provide support to Public Order Units as they clear protestors and vehicles from the city in order to ensure the safety of members of the public, police personnel and protestors.

Execution**General Outline – 4 Phases**

Phase 1:**Approach and RV**

Tactical Unit will meet Public Order Units at a pre-determined staging area. All Units will proceed to the designated start point and form up to begin the methodical clearing of protestors and vehicles.

- Tactical Unit with deconflict IA procedures with the POU Commander to include but not limited to:
 - Procedures for a major police incident with serious injuries or death
 - Active threat in a crowd
 - IED/IID Discovery
 - Hostile vehicle
 - Lethal Over-watch activation
- This deconfliction should happen with every deployment cycle as the tactical teams may change for POU Deployment cycles

Phase 2**Clearing Phase**

Tactical will provide the following support to the POU clearing section:

8 x 2 member Overwatch teams will be strategically placed in various locations to provide overwatch support and real time intelligence updates to the Command Structure as well as to members on the ground. Overwatch will be deployed from approximately 0500hrs until darkness renders them ineffective.

1. **2 member** cover team to provide cover to POU members as they approach and engage with vehicle occupants
2. **6 member IAT** – Staged either in a vehicle or on foot behind the POU clearing cell. They are tasked with containing and resolving any barricaded occupant situations. Additionally, they can immediately provide any other assistance the situation may require.
2 x 6 member IAT's – to be staged nearby to immediately respond to additional barricades. This will permit Tactical to respond to 3 barricaded person situation simultaneously. Each IAT will have their own Armored Vehicle.

3. **4 member mobile QRT** – Staged in a vehicle strategically close to the event and tasked with responding to high risk events that may occur in other areas of the protest.
4. **3 member/medical and Armored Vehicle** – Staged in close proximity behind the POU clearing cell with one member in the Turret allowing him to provide observation from a raised position. The vehicle will provide a point of cover for officers on the ground if required. Additionally, it can be used as a rescue vehicle.

Armored vehicle will follow close behind Public Order members as they move from truck to truck. A cover officer will be in the turret providing security as they move. The option to have the armored vehicle lead is an option and can be employed should the situation require it.

In the event of an active shooter POU members will seek cover while Tactical cover officers, QRT , Armored vehicle and sniper units attempt to deal with the threat.

Phase 3

Stabilization / Maintenance Phase:

Tactical Units will provide support to Patrol and Public Order Sections as required while the area is being secured. This includes the removal of any trucks that need to be towed and structures that need to be taken down.

The deployment model for this phase is dependent on the presence of protestors and the number of trucks that need to be removed. Tactical will provide support until the threat to members and the public is at a level where support is no longer required.

Phase 4

Demobilization

At the discretion of the Incident Commander all Tactical resources will be released and the scene will be maintained by Patrol Officers.

Actions on:

Barricaded Persons – Feeney required unless exigent.

- a) Hostile Barricaded Person - Entry team will utilize tactics and equipment to effect the arrest. Options include window breach, insertion of chemical munitions manually or through the use of barricade penetrating chemical dispersion rounds. Hostile occupant may include but is not limited to those who lock doors, use the vehicle horn, have a dog identified as a possible threat, appear to be attempting to set their vehicle in motion.
 - Spike belts will be set up directly under the wheels at the first sign of non-compliance to mitigate possible movement. Attempt to release airbrake pressure from the exterior to contain vehicle.
 - Request for 4 apprehension K9 teams made. These dogs are able to enter vehicles to assist with the apprehension.
 - The threat of a hostile large truck going mobile is significant. The most effective way to mitigate this threat is to take immediate measures to take away the opportunity for the driver to go mobile by gaining control of the driver before he is able to drive.
- b) Armed Barricaded Person – isolate and contain. SOP's actions at the discretion of CIC.
- c) Passive occupant / Family refusing to exit a vehicle – Advise CIC. Contain and consider Negotiator / PLT. Tactical IAT to remain with the vehicle until given further direction by CIC. Entry can be made by prying door open or using a rescue device to breach the window if required.
- d) Confirmed empty vehicles – continue clearing
- e) Unconfirmed or possibly empty vehicles – Attempt to make contact with potential occupants. If unsuccessful - breach and confirm vehicle is empty based on the risk associated with leaving a possible unknown threat behind the advancing members
- f) Camping Trailers – knock and call out. Breach and search using Scout Robot followed by stealth search to confirm its empty.

Shots Fired – React, assess and communicate. QRT to respond

IED's or Suspicious Packages – Integrated CBRNE Unit will be on scene and attend immediately

Hostages – OPS and or agency SOP's.

Hostile Mobile Vehicle – options include:

- a) Attempt to box in with Armored Vehicle
- b) Deploy barricade penetrating Chemical Munitions
- c) Immediate intervention to take control of occupants prior to the vehicle going mobile
- d) Rendering vehicle immobile prior to it moving by cutting brake lines (mechanic required)

- e) Traffic barriers pre deployed by Traffic to limit movement or prevent a truck from going mobile.
- f) If there is an imminent threat of serious bodily harm or death, lethal option utilized by Snipers or other officers.

Administration

Order of Dress:

Cover Teams – Full gear / ear and eye protection / gas masks readily available

IAT's – Full gear / ear and eye protection / gas masks readily available

QRT – Duty gear / long guns / ear and eye protection / gas masks and full gear readily available

Sniper Teams – as required based on deployment

Armored Vehicle – Full gear / ear and eye protection / gas masks readily available. Driver can remain in Patrol gear.

Equipment:

Cover Teams – All required personal equipment

IAT's :

- Window punch
- Rake and break
- Chemical munitions – OC Mk9 / Vapor. CS / Barricade penetrating CS and ARWEN
- ARWEN
- Shield
- Spike belts

Annex 9

Combined Service ORT (Obstruction Removal Team)

3 ORT teams may be deployed with equipment and specialized vehicles (ATV, Personal Lifts, etc.) to support POU operations throughout the "ACTION" and "MAINTENANCE" phase.

Each ORT consists of:

- 6 members
- Vehicle and trailer configuration
- Tool load out

Each ORT will require significant assistance for member & tool security, ORT typically extracts protestors and does not make arrests, the party must be arrested prior to the initiation of any ORT extraction tactic.

ORT teams will address and remove any Direct Action Devices (D.A.Ds) used by the protestors to secure themselves to an object and/or each other. ORT will address any strategies that focus specifically on slowing POU operations and any high angle tactics will be addressed by one of the ORT Teams that are certified accordingly.

Ottawa Fire Services

Mission – to support the unified command/Freedom Convoy response with fire suppression, decontamination of personnel, and object removal.

ORT - Part of combined team with OPS

- 4 x OPS – Tools as per available in trailer (if present) and 4 x backpack
- 2 x OFS – Tools to be available in RTF Van – located to rear of police movement
 - Driver is FSU/ORT trained

Decontamination of Officers-

- 1st choice of hard facility is parking garage City Hall
 - available hot and cold water
 - Drainage
 - Access to large vehicles
 - Showers?
 - Can drive in from both sides of the Canal
 - Weather predicted to be between -15 and -5 C.
- Need vehicle (OC bus or similar as available) to transfer affected individual (s) from line to facility – consideration is driver with appropriate PPE
- OFS HazMat crew at location to provide decon as per nature of contamination, also with sprayers for expedient decon of vehicle interior
- OFS has laundry facilities for uniforms – can process 25 uniforms in 2 hours
 - Vehicle and driver to shuttle gear
 - Surge capacity at Sani-gear – investigating possibility and throughput
- EMS has laundry facilities for uniforms, can process 15-20 uniforms in 2 hours
- Tyvek suits will be available as temporary clothing – police services will have to replace anything else
- Need security for the area – request 2x soft hat police resources
- OPP UCRT has X member available for decontamination of members

Fire Suppression -

- 8 FSU members with backpack mounted extinguishers for suppression for personnel or immediately threatening objects (Molotov's, jerry cans, garbage in path of travel, incipient vehicle fire)
- 1 van with driver
 - can deliver hose packs to crews for larger fires, can be used directly attached to hydrants.
- 2x Pump/Tankers (PT)- 2000gal on-board water and foam for elevation in fire suppression needs

- Each with dedicated driver and operator
- FSU personnel can take vehicle over if close proximity to aggressive crowd necessitates
- To be staged by phase of operation – below is consistent with initial planning, it can be altered to fit new planning and the fluid nature of the response.
 - Phase 1 (Nicolas) - PT at Stn 13 (King Edward/Laurier), and PT at Shaw (underground parking) provides access from north and south
 - Phase 2 (Rideau/Sussex) PT at Shaw Centre (access south and east) on either Rideau or Colonel By and on Murray (access north and west) on Sussex or Mackenzie
 - Phase 3 (Wellington) PTs staged at Elgin/ Wellington Elgin/Queen, east of intersection, access from Wellington or Queen-Metcalf north to Wellington
 - Phase 4 (Metcalf) same as Wellington
 - Phase 5 (Bank) PTs at Metcalfe/Queen - access along Queen, Albert, Slater or Wellington
 - Phase 6 (Kent) PT at Queen/O'Connor, PT at Laurier/O'Connor - access from east either north or south due to footprint along Kent.
 - Phase 7 (Bay&Queen) PT at Albert/Bay, access from the south, and PT at Sparks/Lyon for access from east or north (Wellington)
 - Phase 8 (SJAM) access is severely limited, unknown how many vehicles present and crowd mood. Preliminary – one PT with access from Wellington.
- If there are significant operational pauses, recommendation is to have PTs cycle into Stn 13 or convenient City facility.
- 2x City sand trucks for containment/damming to prevent flammable liquids entering drains. Stage at Hurdman yard.

Needs -

Access to City Hall parking garage.

OC bus and driver to move personnel between line and decon facility

Backup clothing uniforms/Tyvek suits/towels etc for contaminated individuals

2x city trucks with sand and operators

2x police soft hat to provide security for decon

POU RULES OF ENGAGEMENT – DECISION MATRIX

USE of FORCE – General

The officer continuously assesses the situation and selects the most reasonable option relative to those circumstances as perceived at that point in time.

As per the Ontario Police Services Act, Regulations 926, all police officer (including Public Order Unit Members) performing active duty shall have an up to date Use of Force qualification within the last 12 months.

Notwithstanding the Rules of Engagement Chart, every officer will be accountable for any and all use of force in the execution of his/her duty. There will be an expectation that Public Order Members shall follow a gradual application of force when involved in crowd management proportionate to the situation and exercise personal restraint to avoid an escalation in response. Clear communication to public will be used in all circumstances where practicable prior to the use of any force in crowd management circumstances.

Notwithstanding whether an arrest is affected or not as a result of the use of force, any officer using any level of force on an individual(s) shall make notes as to the circumstances, including the behaviors/actions demonstrated and full description/identity of the individual(s) on who the force was directed. This will be required for follow up investigation and possible future prosecution.

Every officer who draws their firearm in the presence of the public; discharge any firearm; use of any weapon, or improvised weapon other than a firearm on another person; or use physical force on a person that results in an injury to that person requiring medical attention shall complete a Use of Force Report prior to the end of duty.

Ottawa Trucker Demo

Returning the City to Normalcy

Phase 2 - Operational Plan

Situation

1.1 Background

On the weekend of 28th-29th January 2022, truck convoy demonstrators arrived in the downtown core of the City of Ottawa. Demonstrators immediately began flooding the core from multiple directions off the Highway 417. The sheer volume in combination to multiple options to enter the city made it fully impossible to fully control their movements.

All attempts were made using negotiation, communication, and other police tactics and resources, including heavy barricades and equipment to maintain routes open for emergency response and for residents and businesses as much as possible. Further, communications and negotiations have continued, without significant reduction or movement of vehicles or demonstrators from the City.

At this time there are over 350 motor vehicles and over 200 people which include children, the elderly, those who require mobility assistance and pets.

On February 11, 2022, the Premier of Ontario declared a province wide emergency as a result of interference with transportation infrastructure and other critical infrastructure that is occurring across the province, which is preventing the movement of people and the delivery of essential goods and services.

The Emergency Order in connection with the declared emergency came into effect 12 Feb 2022.

The emergency order prohibits the interference with critical infrastructure and specific actions by demonstrators involved. (a concise list is found in an appendix to this document).

On the 14th February the Federal government enacted the Emergencies Act (EA) to address ongoing protests and blockades within Ottawa and other locations within Canada. The Emergencies Act, which became law in 1988, is a federal law that is used by the federal government in the event of a national emergency.

The Emergencies Act was invoked to grant temporary additional and necessary powers to the federal government when provincial, territorial and federal tools are no longer sufficient

to deal effectively with the serious issues being faced. The Order and Regulations are attached as an appendix.

On the 14th February the City of Ottawa received an injunction issued by the Ontario Superior Court of Justice which outlines additional restrictions on occupiers in the City of Ottawa. This Order is attached as an appendix.

Mission

2.1 Mission

Using an integrated response, the Ottawa Police and policing partners will keep the peace, enforce legislation, and maintain public safety for the duration of the Ottawa Truck Demonstration, with the utmost respect to the individuals Charter of Rights and Freedoms with priority on community and emergency services personnel safety and wellbeing.

2.2 Mission Objectives

TBI

2.3 Commander's Intent

To return the City of Ottawa into the state of normalcy by all lawful means and in the safest way for all involved.

Execution

3.1 Concept of Operations

The response to the current situation has been a Police Liaison Team (PLT) lead, negotiation-based approach with the clear objective of significantly reducing the footprint of the demonstration currently taking place in Ottawa.

Strategic messaging was developed and delivered to support the goals established by the Unified Command.

The ideal outcome is the voluntary withdrawal of all protesters in the City of Ottawa.

With the invoking of the Federal Emergencies Act, provincial Emergency Measures and Civil Protections Act, and City of Ottawa injunction, media and PLT messaging has become more directive, notifying protestors that they must vacate the demonstration area or may face criminal prosecution.

While currently in the stabilization phase of this operation, the protestors have not shown compliance to the direct messaging. The next phase to be considered is the actions-on phase. If Unified Command decides to enter the actions-on phase, the new concept of operations will be outlined in the Public Order Plan.

This plan provides coordinated guidance to uniform police support to the actions-on phase.

3.2 Area of Operations

The occupation area is scattered throughout the downtown core mainly centred near and around Parliament Hill. Occupation areas are congested to varying degrees with trucks and temporary infrastructure established by the occupiers. That being said, there are seven areas in the core and one outside the core that have a significant level of congestion. These areas have been identified below and mirror those identified in the Public Order Operational Plan.

- Zone 1: Nicholas/ Waller
- Zone 2: Rideau/ Sussex
- Zone 3: Wellington/ Kent-Elgin
- Zone 4: Kent Street
- Zone 5: Metcalfe
- Zone 6: Wellington/ Lyon
- Zone 7: Wellington/ Booth
- Zone 8: 302 Coventry Road

3.3 Phases of Operations

Stabilization Phase

The deployment on the number of police resources to maintain safety in the areas of the city affected by the demonstration and allow PLT to carry out negotiations.

Actions-on Phase

A Public Order Unit-lead phase which is outlined in the Public Order plan.

Maintenance Phase

The maintenance of a reduced footprint following the departure of persons and vehicles involved in the demonstration. This will include a strategy to prevent the return of protestors to Wellington and the surrounding areas. External agencies can be strategically demobilized and return to their respective jurisdictions.

Demobilization

All external agencies have demobilized, and the City of Ottawa has returned to a state of normalcy.

3.5 Legislative Authorities

Legislative Authorities for this action include the Criminal Code of Canada, the Emergencies Act (invoked by the Federal Government on 11FEB22), the Emergency Measures and Civil Protection Act (signed into law by the Provincial Government on 12FEB22). In addition, there are two Superior Court Injunctions in effect that prohibit specific activities related to the occupation.

The various legislations are on file and officers will be made aware of their authorities.

3.6 Roles and Responsibilities

This event is of significant size and scope that it benefits from a Joint Command (Ottawa Police and Ontario Provincial Police) with supports from several other policing agencies (RCMP, Sûreté du Québec, Calgary Police Service, Durham Regional Police, Edmonton Police Service, Greater Sudbury Regional Police, Halifax Police Service, Halton Regional Police, Hamilton Police, Peel Regional Police, Saskatoon Police Service, St Thomas Police, Toronto Police, Vancouver Police Service, Waterloo Regional Police and York Regional Police.

Regarding operations covered by this plan, there are several layers of responsibility that follow and organized structure. This subsection will provide a general overview of each role as indicated in the Organizations Chart (Figure 1).

Unified Command Centre (UCC)

There will be a Unified Command Centre established and located in RCMP HQ. Since the majority of operations fall within the Ottawa Police jurisdiction, the overall Command and Control will fall to the OPS Incident Commander. Since there is the possibility that there may be an impact to the 400 series highways, a Deputy Incident Commander will be filled by Senior Officer of the Ontario Provincial Police. If there are any impacts to OPP highways (417 or 416) a coordinated approach will be taken to minimize any disruptions.

Incident Command

Incident Commander

The Incident Commander will be located in the UCC. That person will be responsible for the overall operations contained in this plan and will authorize any necessary changes to address a changing environment or situation.

Since actions may extend into multiple operational periods, there may be multiple changes requiring a fulsome exchange of information during transition periods.

Scribe

Reporting to the Incident Commander, the scribe will record any discussions, decisions and the rationale made by the Incident Commander. The scribe notes will be produced and provided to the Incident Commander for review and signature at the end of each operational period.

Media

A representative from Media Section Director will be present in the Incident Command Group. This member will report directly to the Incident Commander and will be responsible for monitoring social media streams for information being shared regarding the occupation and police activities. This representative will keep the Incident Commander up to date on the significant matters in the information flow and will prepare police responses for approval by the Incident Commander.

Finance Section

A member of the OPS Finance Section will be located in close proximity to the Incident Commander who can be called upon for any matters related to financial operations.

Intel

An Intelligence Section Branch Director will be located in the UCC reporting directly to the Incident Commander. This Director will be responsible for researching, coordinating and sharing any intelligence information with the Incident Commander. The member will also be responsible for coordinating and reporting on all activities involving the Crowd Observation Teams on the ground.

Public Order Unit (POU) Branch Director

The POU Branch Director will be located in the UCC and report directly to the Incident Commander. The Branch Director will coordinate the actions of all POU teams on the ground, including the PLT and Tactical support teams attached (see the POU Operational Plan). This member will provide ongoing situational updates to the Incident Commander in a timely fashion and take direction on progression to subsequent stages.

Tactical Branch Director

The Tactical Branch Director will report directly to the Incident Commander and will be responsible for tactical assets on the ground supporting the overall operation. This member will oversee the Overwatch, Immediate Action Teams and CBRBE teams. This member will provide the Incident Commander with Tactical Operational Options when required and provide situational updates on any tactical activities. This member will not be responsible for the tactical contingent supporting the POU Teams. The reporting structure for that team will be described in more detail later in this document. Specifics related to the Tactical Operations can be found in the Tactical Operational Plan.

Investigation Branch Director

The Investigations Branch Director will report to the Incident Commander and will oversee all supports that are related to criminal investigations. This includes the Hand Off Teams (HOT), Temporary Custody, Criminal Investigators (GAS), Evidence Gathering Teams

(EGT) and Evidence Control. This member will be required to update the Incident Commander on arrests, reason for arrests and providing an overall tally of persons processed. Greater details on operations for this group can be found in the Arrest and Detention Plan.

Traffic Branch Director

The Traffic Branch Director is responsible for all matters that are related to closures and towed vehicles. This member will report directly to the Incident Commander and will take direction on when to close roads and establish secure area traffic points, in addition to providing information on collision investigations, tow operations and impoundment status. More details related to the traffic matters can be found in the Traffic Closure Plan and Tow Plan.

Site Operations

Site Commander (CIC Trained Member)

The Site Commander will be located in the Theatre of Operations and will maintain a situational awareness of overall operations, particularly the POU Sections teams specifically engaged in operations. The Site Commander will report to the Incident Commander but will assume direct control of any critical incident (including barricaded persons).

The Site Commander will direct Zone Team Leads and the Operation Support Teams including QRTs, Static Teams and City Supports Coordinator.

Site Commander Scribe

The Site Commander Scribe will provide the same function as the Incident Commander's Scribe but for the Site Commander.

Site Media Member

The Site Media member will be available in the area of operations and will report to the Site Commander. This member will maintain close communications with the Incident Command Media Rep so there is consistent messaging. This member will be the spokesperson for OPS on the ground should there be a request from a media outlet.

Zone Teams Lead

Under the POU Operational Plan, there are 8 separate zones of operation that will be addressed, one after the next. As the POU teams move from one site to the next, the zones will be absent of POU resources. Zone teams will be established in each site to maintain a level of security to prevent a re-establishment of occupation. Members in this group will secure a perimeter for the zone and anyone breaching the perimeter will be subject to arrest. The Zone Teams Lead will report to the Site Commander and will maintain a situational awareness of each Zone Team. Each team will consist of a mix of police officers from other jurisdictions so all efforts will be made to have a member of OPS either in command or imbedded for the purpose of conducting arrests and processing. If an arrest is made, a mobile HOT will be dispatched to continue the arrest for transport. Zone Teams will report emerging issues so other supports can be redirected to assist.

Operations Support Lead

The Operations Support Lead will oversee members who provide a miscellaneous function to support the overall operation. This lead will coordinate those resources as directed by the Site Commander. These teams include static teams, QRTs and CAS/City Supports Coordinator.

Static Teams

Some members will be pre-deployed to other areas that are not yet involved in a direct "Actions-On" operation. These members will take direction and report to the Operations Support Lead. These members will provide a level of situational awareness of emergency issues or hardening activities in advance of the POU teams arrival.

Quick Response Teams (QRT)

Quick Response teams will be made up of a group of officers, each team with at least one OPS member. These teams will respond as directed by the Operations Support Lead to emerging issues and if required, act as an arrest Hand Off Team for other sections needing that requirement. When not engaged, officers will migrate to areas of high concentration to bolster static teams.

POU Section Teams (1-14)

There will be 14 POU Section Teams on the ground supporting this operation. Each team will have a section lead on the ground that will report and coordinate through the POU Commander in the UCC. This team will have the greatest level of initial and ongoing engagement in this plan. In many cases, the POU sections will be the first and last point of contact with occupiers when they are ultimately directed to vacate. The operating procedure which they follow is outlined in the Public Order Unit Operational Plan.

POU Tactical Support

An OPS Tactical Section will provide direct support to POU members as they proceed through the occupied areas. The level of support provided is outlined in the Tactical Plan. During regular operations this team will report to the POU Commander in the UCC. If a specific incident devolves to a critical incident (e.g. barricaded person), the CIC Trained Site Commander may assume overall command of that specific situation and the Tactical unit will change reporting structure to that members.

Other Tactical Supports (Overwatch, IAT, CBRNE)

Reporting to the Tactical Branch Director in the UCC, there will be a number of other tactical resources attached to this operation that will provide a more specialized response function. Teams will provide Overwatch, Immediate Action Teams and CBRNE capabilities. All tactical operations will be conducted following the Tactical Operational Plan.

Negotiators

Negotiators will also be attached to the Tactical Support Teams and will move with the and the team as required. Like the tactical unit, if a critical incident occurs requiring the activation of a CIC, the negotiator team will report directly to that trained member.

Hand Off Teams (HOT)

Hand Off Teams will consist of special constables and sworn officers who are staffing transport vehicles. These teams will be in close proximity to any operations in which the POU teams are engaged. These members will report to the Investigation Branch Director and redeploy to other areas as approved or directed by that member. Members of this team will operate following the Arrest and Detention Plan.

Temporary Custody

Temporary custody facilities will operate under the direction of the Investigations Branch Director. These facilities will be responsible for processing arrested persons. Locations and operations in these centres are identified in the Arrest and Detention Plan.

Criminal Investigations

Criminal Investigators will be attached to this operation and will report to the Criminal Investigations Branch Director. These members will be responsible for the processing of arrested persons to determine if they can be released without charge, with charge with conditions or held for show cause. This group will also be responsible for following up, collecting evidence and acquiring interview statements on any files that require further a more detailed investigation.

Evidence Gathering Teams (Videographers)

Evidence Gathering teams will be deployed on site. These members will be directed by the Criminal Investigations Branch Director but their primary role will be to videotape the following:

- general operations
- 'flashpoint' activities in any area identified
- specific interactions between EGTs/POU with occupiers
- any obvious mechanisms helping disable vehicles from being moved/towed (identifying the vehicle plate and type)
- Any debris or personal property remaining as it is being removed by the City
- general condition of vehicles being left behind, before they are towed/driven away **and** after they are dropped at an off-site compound

Evidence Control

The Evidence Control Section will be responsible for the processing, storage and record keeping related to any evidence to support a criminal offence under this plan. All evidence seized to support the processing of a criminal offence shall be turned over to an OPS officer who will submit it to Evidence Control following OPS policies.

Route Integrity Team

A cadre of traffic officers will deploy as a Route Integrity Team and report to the Traffic Branch Director. These members will establish and maintain and secure a roadway corridor to allow the movement and staging of support vehicles near any *actions-on zone*. These members will identify emerging issues and will take appropriate action to stop any attempt at blocking routes. Additional supports can be requested to assist when necessary through the chain of command.

Secure Access Static Traffic Members

Traffic officers will be positioned at a number of key locations to assist with maintaining a secure area posture. These officers will report to the Traffic Branch Director and will follow directions outlined in the Secure Area Traffic Plan.

Mobile Traffic

Mobile traffic teams will report to the Traffic Branch Director and will remain available to respond to traffic issues as they are identified. When not engaged they will rotate around traffic locations and emergency routes, ready to provide assistance with whatever other assignments directed.

Towing Supports

Traffic officers will also provide an escort support to tow vehicles as they haul vehicles from the occupation area to the secure compound. These members will ensure that the movement is not impede and that tow drivers and equipment are protected. Officers will take all necessary action to ensure the safety of drivers. These members will function under the direction of the Traffic Branch Director.

Inventory Control – Impounded

Inventory control members will be assigned to this event to coordinate the removal of vehicles from the occupied area. These members will work under the direction of the Traffic Branch Director. During operations, occupiers will either leave the area of operations voluntarily or by arrest. In either case, Inventory control officers will be available to identify operators who wish to voluntarily remove their vehicles. a record will be kept of ownership and as the vehicles become accessible during the removal phase, they will be contacted to come and drive their vehicles from the scene. Any unclaimed vehicle or vehicle that is used

again in a subsequent offence will be seized and towed to a secured compound that has been established in concert with the City of Ottawa.

Collision Investigations

Traffic members assigned to this assignment may be called upon to investigate collisions as a result of the operation. Any team member who transitions from their primary assignment will become a collision investigator and report directly to the Traffic Branch Director for streamlined situational updates.

Crowd Observation Teams

Crowd Observation Teams will be deployed in the Area of Operations in a plain clothes capacity. They will report to the Intel Officer in the UCC and provide a situational awareness and response to persons of interest. They will remain in an observation posture calling upon uniformed members to engage people when necessary. These members will be carrying their use of force but will only break cover in the event of serious bodily harm or death.

3.7 Contingency Plans

Secure Area Zone

Traffic Hardening Plan

The purpose of this expansion of the traffic plan is to create a larger and safer area for the emergency operations. It is meant to drastically reduce the number of vehicles that have access to the downtown core. No tractors or support vehicles for the convoy will be allowed to progress through these new traffic points.

Drivers will be screened to determine if access is required for home or work purposes.

The level of access into this zone will be determined by Unified Command.

These points DO NOT cover every access point but will create limited routes to the downtown core.

The expansion consists of 4 zones:

- Zone 1: Bronson Ave and to the West.
- Zone 2: All bordered Laurier to the North, Percy to the West, Somerset to the South and QEW to the East.
- Zone 3: Bordered by Gladstone to the North, Percy to the West, 417 to the South and Colonel By to the East.
- Zone 4: Bordered by everything East of the canal excluding Colonel By at Pretoria Bridge.

All traffic points and maps are included in the Traffic Hardening submitted by Traffic Services.

Tow trucks and removal plan

Convoy vehicles are parked within 6 defined areas within the theatre of operations. There are a variety of vehicle sizes, configurations in various states mechanical repair. Dedicated

heavy tow vehicle have been deployed for this event. There is a dedicated towed vehicle, transportation, custody and control plan for the removal and storage of any seized vehicles.

Children Aid Society – Care of Children

Information has been received that there are children present within the convoy with guardians or parents who form the core group of demonstrators. Demonstrators have been encouraged that anyone with children in the area are to leave and bring those children to a place of safety. Criminal Investigations have prepared a plan to ensure the safety and appropriate notifications with CAS for any children who may come into police custody.

Property related to the Demonstration -unclaimed items and debris

Over the duration of the event, demonstrators have amassed a variety of physical items to support their occupation. These items are spread out throughout the theater of operations and concentrated in areas of parked convoy vehicles and intersections. Some of the items maybe classed as hazardous materials including propane tanks and other combustibles. Items that are unclaimed or not required for evidentiary purposes to support charges must be removed from the sites. OPS EOC representatives will liaise with the City of Ottawa for unclaimed non- evidentiary property and hazardous materials for removal.

Evidence seizure and control

Any physical, technological evidence that supports a charge shall be documented, or seized, inventoried and may be held for further analysis and for court proceedings. The Criminal Investigations Directorate (CID) has identified these processes with their CID Strategic plan as well as the Arrest and Detention Plan.

Appendix A – Provincial EMCPA

Summary:

Declaration of Emergency under the Emergency Management and Civil Protections Act.

On February 11, 2022, the Premier of Ontario declared a province wide emergency as a result of interference with transportation infrastructure and other critical infrastructure that is occurring across the province, which is preventing the movement of people and the delivery of essential goods and services.

An Emergency Order in connection with the declared emergency came into effect 12 Feb 2022.

Highlights of the Ontario Regulation. (Please refer to the All Chiefs Memo 22-0017 and Ontario Regulation 71/22 for all the details)

The emergency order prohibits the interference with critical infrastructure which is defined as:

- 400-series highways;
- airports;
- canals;
- hospitals;
- infrastructure for the supply of utilities such as water, gas, sanitation, and telecommunications;
- international and interprovincial bridges and crossings;
- locations where COVID-19 vaccinations are administered;
- ports;
- power generation and transmission facilities
- railways

Under this emergency order, **no person shall:**

- prevent someone from travelling to or from critical infrastructure;
- prevent the ordinary use of critical infrastructure;
- cause either of the above to occur, whether directly or indirectly;
- assist an individual to knowingly help them do anything above, including providing supplies, fuel, or other materials; or
- prevent someone from travelling to or from walkways, bridges, and highways (other than 400-series highways, which are already captured as “critical infrastructure”), or prevent the ordinary use of them, if doing so would:
 - prevent the delivery of essential goods or services,
 - severely disrupt ordinary economic activity, or

- seriously interfere with the safety, health, or well-being of members of the public

Enforcement of Order

The order gives police officers and other provincial offences officers the power to do the following when they have reasonable grounds to believe that an individual is not complying with the requirements listed above:

- order the individual to stop contravening the emergency order;
- if there is more than one individual, order the individuals to disperse;
- order the individual to remove any object the individual used to contravene the order (e.g., a motor vehicle), whether the object was put there before or after this emergency order came into effect; or
- remove the object if the individual refuses to remove the object

The order requires a person to comply with any of the above orders issued by provincial offences officers. The order also gives the MTO and provincial offences officers the power to order owners or operators of vehicles contravening the order to remove their vehicles, requires the owners and operators to comply, and permits the removal of the vehicles if they don't comply.

Penalties

For offences under the EMCPA, individuals can either be issued a ticket for a set fine amount or be served with a summons under Part I of the Provincial Offences Act (POA), or have an information laid under Part III of the POA, in which case the court would impose a penalty upon conviction – subject to the maximum penalty of a fine of not more than \$100,000 and not more than one (1) year imprisonment.

- Fail to comply with an order: \$750
- Obstruct any person exercising a power in accordance with an order: \$1,000
- Obstruct any person performing a duty in accordance with an order: \$1,000.

The Emergency Order does not create an arrest authority.

Officers must consider the totality of the circumstances to determine if a Criminal Code authority exists, for example Criminal Code Section 430(1) Mischief or Obstruct Police Section 129. Section 33 (3) HTA, Failure to Identify - also sets out arrest authorities.

RMS has been updated to reflect new charges and the eTicketing application is now available for Part I enforcement of this regulation.

Note: when issuing a Provincial Offence Notice, ensure that the CVOR # is added if applicable.

Schedule 4.0.1 Emergency Management and Civil Protection Act				
Item	Offence	Section	Set Fine	Total Payable
1.	Individual — fail to comply with an order made during a declared emergency	7.0.11 (1)	\$750.00	\$880.00
2.	Corporation — fail to comply with an order made during a declared emergency	7.0.11 (1)	\$1,000.00	\$1130.00
3.	Obstruct any person exercising a power in accordance with an order made during a declared emergency	7.0.11 (1)	\$1,000.00	\$1130.00
4.	Obstruct any person performing a duty in accordance with an order made during a declared emergency	7.0.11 (1)	\$1,000.00	\$1130.00

Suspension and/or Cancellations of Licenses, Plates and Commercial Registration

Effective February 12, 2022, the following permissions may be suspended or cancelled by the MTO in accordance with the emergency order:

- Commercial Vehicle Operator's Registration (CVOR) certificates;
- Drivers Licences (DL) (whether Ontario licences or out of province licences); and
- Commercial and Passenger Vehicle plates.

The Regulation also provides new processes to suspend and/or cancel Licenses, Plates and Commercial Registrations by accessing and completing the Emergency Order Form. Submission of the Emergency Order Form triggers the MTO to suspend/investigate the licence, CVOR and driver.

The Drivers Licence(s) and plates shall be seized in accordance with S.6 (5) O. Reg. 71/22. **No entry is required in SIMS** when acting under the authority of this Regulation. Ontario driver's licences and non-commercial plates are to be returned to the Ministry. Reinstatements will be conducted through ServiceOntario offices, as per usual.

Appendix B - Federal Emergencies Act

Summary:

In order to manage a public order emergency, the federal government can issue or adopt temporary orders and regulations. Those include;

- Regulating and prohibiting public assemblies, including blockades, other than lawful advocacy, protest or dissent,
- Regulating the use of specified property, including goods to be used with respect to a blockade,
- Designating and securing places where blockades are to be prohibited (e.g. borders, approaches to borders, other critical infrastructure),
- Directing specified persons to render essential services to relieve impacts of blockades on Canada's economy, with compensation,
- Authorizing or directing specified financial institutions to render essential services to relieve the impact of blockades, including by regulating and prohibiting the use of property to fund or support the blockades,
- Measures with respect to the authorizing of the Royal Canadian Mounted Police to enforce municipal and provincial laws by means of incorporation by reference,
- The imposition of fines or imprisonment for contravening on any of the measures declared under this public order emergency.

The attachments include the full order.

SITUATION:

Freedom Convoy 2022 arrived in the City of Ottawa on January 28 th, 2022. Large convoys of trucks, passenger vehicles and farming vehicles descended on downtown Ottawa, in particular the area of Parliament Hill. The premise of the convoy was to encourage the end of all Covid related imposed mandates. Several convoy participants have remained in the City of Ottawa since.

MISSION:

To ensure the safe arrest(s), detention, processing and release (if possible) of any person(s) taken into custody in relation to the Freedom Convoy 2022. To ensure thorough and timely investigations by the Criminal Investigative Section of the Ottawa Police Service.

Courts/Temporary Custody will support this event by providing staff to ensure the timely and efficient processing of person(s) taken into custody.

EXECUTION:

Concept of Operations:

General

- Same procedure will be followed regardless of Police Service **making** the arrest in Ottawa.
- Ottawa Police Service will **process** all arrests.
- Same procedure will be followed regardless of number of individuals arrested at any given time.
- Greater numbers arrested at a given time will result in a different transportation plan and processing.
- Secondary Detention Sites will be used to ensure continuity of normal Cellblock operations.

POLICE ROLES AND RESPONSIBILITIES (Groupings and Taskings):

Courthouse

The standard complement of available staff will be required for operational concerns during the business hours of the Ottawa Provincial Court cellblock and Court Security.

Central Cellblock

Central Cellblock will operate as per regular policy for the duration of the Freedom Protest.

Any prisoner from Freedom Protest that requires additional processing (show cause, YO, violent, intoxicated) will be transported to central cell block.

Additional Resources

If additional Special Constable resources are required to supplement Show Cause, Courthouse or Cellblock operations -the Cellblock S/Sgt, Courthouse S/Sgt or designate upon direction will attempt to call in extra staffing by referring to the established Cellblock INS "call out list" of available Special Constables.

Secondary Processing Sites (2): Ottawa Ontario

All operations related to parading of the prisoner before an NCO will be audio and video recorded including intake and release. Fingerprinting and photographing will be video only.

Court Security will facilitate and be responsible for transportation of all prisoners.

Secondary prisoner processing site(s) may be used to process prisoners during a mass arrest (in excess of 10 prisoners) that the HOT assesses the prisoner(s) as not requiring a show cause hearing. The prisoners will have access to counsel, requirements satisfied under the Identification of Criminals Act satisfied (fingerprinted and photographed) and will be released on an undertaking by an Officer In Charge.

If arrests are beyond the capacity of Central Cellblock (63 prisoners), a tertiary site will need to be identified to secure the overflow in temporary custody. This tertiary temporary custody facility will need to be secured, outfitted and staffed to facilitate the functions of Central Cellblock.

OCDC has communicated that they cannot accept any prisoners without a warrant of remand signed by a JP or Judge. Their capacity is 30 prisoners for show cause prisoners that have been remanded to their custody.

The RCMP have only 2 individual cells and 1 bull pen that holds a maximum of 4 prisoners located at Leomont Building 155 McArthur Rd.

OTTAWA POLICE SERVICE
CONFIDENTIAL

The last emergency option would be the Ottawa Courthouse could be used to house prisoners; however, this would place an inordinate strain on security staffing and available space at the Courthouse. The prisoner capacity at the Courthouse cells is 27.

Central Cellblock and Courthouse cells have a joint capacity of 112 prisoners including the bull pens.

The capacity of the three (3) PTV is 58 prisoners in total.

The capacity of each secondary processing site to process prisoners, who are outside the provinces of Ontario and/or Quebec, is 9 prisoners each hour. The same capacity increases to approximately 60 for prisoners that are local and provided a fingerprint date.

Court house cells usage to be confirmed by S/Sgt Gibbons via MAG.

- HOT will monitor Freedom Convoy 2022 and any other designated channel
- Secondary Site NCO will monitor Freedom Convoy 2022 and any other designated channel
- Designated channel to be secured for purposes of HOT accessing dispatch

Operational period:

ECT will provide 24 hours coverage, split into 2 shifts that are staggered to provide continual coverage. The shifts are as follows:

- Truck one: 0600 – 1800, and 1800 to 0600
- Truck two: 0800 to 2000, and 2000 and 0800

Each truck will comprise of two personnel, with at least one being a sworn member (2 sworn members, 1 sworn, 1 Sp/Cst)

OPS Staffing Responsibility:

The following Police assets will be deployed under this plan:

PLT - Responsible for maintaining open and continuing communication between the event organizers, community, municipal, provincial and federal partners and police. They are to be the identified point of contact for the organizers in identifying any specific concerns related to the conduct and issues related to the event.

EGT (evidence gathering team) - Responsible for monitoring and recording the event, including seized items. IF no EGT available officers will need to make good observations and document and describe the container(s) and also describe the smell

ECT (evidence continuity and transport) – Responsible for transporting the seized items to a designated facility. ECT will remain on the periphery of the event and will attend a location to transport seized fuel

Regular Uniform Support team – Primary made up of QRT teams, these officers will make the request for ECT once fuel has been seized and will coordinate a pickup location

CBRNe – Available to respond to questions/concerns regarding seized fuel containers. See Appendix A for safety handling rules and regulations.

Freedom Convoy 2022

Seized Fuel and Temporary Storage Process

Situation: The Freedom Convoy 2022 arrived in Ottawa on 28th of January 2022 with participants driving their trucks from all points across the country. The main demonstration was scheduled for the 29th and 30th of January and several truck operators returned home however there remains a large contingent of operators congesting many streets in the downtown core. These truckers vow to remain in place until Covid mandates are lifted across the entire country.

As part of the ongoing response to this event, OPS has begun seizure of fuel which is resupplying the convoy.

Mission: To safely secure and transport seized fuel to the OPS designated storage facility/locations as identified by the City of Ottawa

Execution: Evidence Continuity Officers (ECT) will respond to seizures of fuel by QRT and other officers assigned to this event. Once the fuel has been seized and documented, the ECT officers will transport the seized fuel to a designated depot. While enroute, contact the City of Ottawa at 613-795-5436 to identify the location for storage and to arrange entry into the facility. Once the fuel has been deposited, ensure a RMS report is completed and return to await further seizures.

Two unmarked open bed pickup trucks have been dedicated to the Fuel Seizure plan. Please ensure Hazardous Materials placards are attached.
See attached sheet for Arrest and Seizure flowchart

Area of operation: Areas in and around the event and any locations related to the procurement of the fuel being used for resupply

Operational period: ECT will provide 24 hours coverage, split into 2 shifts that are staggered to provide continual coverage. The shifts are as follows:

- Truck one: 0600 – 1800, and 1800 to 0600
- Truck two: 0800 to 2000, and 2000 and 0800

Feeney Considerations for trucks with sleeping facilities

Same consideration should be given as attending a dwelling to arrest someone.

1. Public Order Unit (POU) member will approach the vehicle and attempt to make contact with the occupant to inform them it is their (Police) intention to arrest them.
2. If the person(s) cooperate....
3. If person(s) refuses to exit the vehicle or if it is reasonably believed there is a person inside the vehicle who is refusing to respond, a Feeney warrant will need to be sought.
4. POU Member will advise the person(s) that they are under arrest and a Feeney warrant is being sought to allow Police to enter the vehicle and take custody of the person(s).
 - If the person(s) still refuse to exit the vehicle, the POU member will notify the Hand Off Team (HOT) supervisor of the following:
 1. description of vehicle, location and license plate and
 2. circumstances of their interaction with the vehicle.
5. HOT Supervisor will contact the affiant by telephone to relay the information.
6. Once authorized by a JP, the information will be transmitted back to POU/TAC for execution.

Any exigent circumstances or safety issues obviously may remove need for a Feeney warrant.

Script for accessing lawyer call at processing centre

Arrested person was read that rights to counsel on scene and asked "Do you want to call a lawyer?"

Scenario 1

If they responded "no".

When you parade them at the processing centre simply say "They were read their rights to counsel and indicated that they do not want to call a lawyer."

Scenario 2

If they now change their mind and want to call a lawyer or they indicated on scene that the "yes" they wanted to call a lawyer you can read them:

"I know that you indicated that you wanted to call a lawyer. We have facilities for that, however, just so you are aware, it is our intention to release you from custody with a court date and some release conditions as soon as possible. We are not seeking to interview you or obtain a statement.

Do you still want to call a lawyer?

If yes, facilitate lawyer call.

If no, proceed with prints/release.

CRIMINAL INVESTIGATIONS

OVERVIEW

The criminal investigative component will encompass all of the investigative aspects, including intelligence gathering/analysis and dissemination, processing of arrested persons and court evidentiary requirements.

The **Criminal Investigative Group** will be comprised of teams of officers in uniform and plain clothes.

- ***Evidence Gathering Teams*** will document and record by digital video camera any incidents, criminal offences or suspects, if required for investigative purposes.
- ***Hand-off Teams (HOT)***, field deployed, will be the first assessment point after an arrest is made.
- ***Investigative team*** will assess and continue the investigation and determination of charges (if any) and appropriate release procedures.

MISSION / MANDATE

Criminal Investigations shall be comprised of investigative and (if necessary) civilian elements responsible for;

- Assessing, documenting, continuity, processing and further carriage of all evidence and investigative steps required, in relation to criminal activities arising out of these events.
- The gathering, analysis and dissemination of information in relationship to the Freedom Convoy

The exception to this would be; criminal acts associated to crimes against Internationally Protected Persons or International Acts, including terrorism.

At all times we would work in a supportive partnership with RCMP Investigative teams.

The RCMP, Ottawa Police Service and other identified police services, as per the NCTP & Section 2 of the Security Offences Act (SOA) would jointly investigate these latter incidents. RCMP would take the lead role.

Communication Plan: Convoy Demonstrations In Ottawa

Issue:

On January 28-29, 2022, convoys of vehicles including transport trucks with trailers and passenger vehicles arrived in Ottawa and took up position on Wellington Street in front of Parliament Hill. Vehicles are now parked in unsanctioned areas on city streets impacting the regular flow of traffic and movement of people in the downtown core. On February 11, the Province of Ontario has invoked the State of Emergency and on February 14, the Federal Government announced the invocation of the Emergency Services Act.

On February 13, the Ottawa Police Service (OPS) announced the formation of an Integrated Command Centre (ICC) with the Ontario Provincial Police (OPP) and the Royal Canadian Mounted Police (RCMP), which will result in a significantly enhanced ability of our police service to respond to the current situation. The ICC will allow the OPS to make the most effective use of the additional resources policing partners have provided. While the OPS remains the operational lead as the police service of jurisdiction, the ICC provides enhanced and seamless operational planning between the three partners with a goal bringing a peaceful and timely resolution to the ongoing demonstration.

Communication Goals:

1. Establish and maintain public trust in ICC partners' enforcement actions in relation to the ongoing demonstrations via increased public awareness and joint proactive communication.
2. Ongoing consultation with all three partners to ensure consistent and common key messages, communication goals and relationships that is aligned with each partner's respective area of responsibility.

Strategic Considerations:

- Messaging from all sources must be consistent. This includes front-line officers, PLT, command staff, and various levels of government.
- Utilizing officers from multiple police services creates unique communication challenges. Care should be taken to establish relationships with all partners and emphasize the need for consistent communication. This includes radio/electronic communications as well as distribution of messaging for front-line members.
- The appropriate and concurrent level of spokesperson(s) will need to be identified to speak to issues relating to the ICC and operational matters.
- Resolution of the demonstration will be considered successful, in part, if the demonstrators peacefully leave the area or there is minimal need for enforcement activity.

Communication Approach:

Internal: Proactive and reactive, as required. Each agency will provide updates and information via their respective internal communication channels. While each will provide unique messaging to its members, those messages will be drawn from common messaging to ensure consistency.

External: Proactive and reactive, as required. This will consist of regular OPS-lead media updates which will include partner information. These include media availabilities social media posts and news releases created in consultation with ICC partners. Overarching reactive media lines and questions and answers will also be developed and tailored as needed by each agency. In the event of newly developing major issues, ICC media partners will ensure consultation prior to information externally. Partners will have the ability to issue a series of proactive social media posts to highlight the ICC and the collaboration between the OPS, the OPP and the RCMP as they work together to resolve the situation.

Audiences:

Internal

1. All participating police personnel
2. City of Ottawa
3. Government of Ontario
4. Government of Canada

External

1. Residents of the City of Ottawa, specifically those who live or operate businesses in the impacted area of the downtown core.
2. The general public
3. Demonstrators and their supporters

Communication Planning

The communication team will meet each morning, virtually or in person, to discuss and coordinate any ongoing or developing issues. Any member of the communications team may also initiate a virtual or in-person discussion, as required due to developing issues, media inquiries or a need for additional messaging.

General Key Messages for Assigned Members – When Approached By Media

- While working at the demonstrations in Ottawa, you may be approached by media representation for the purpose of a brief interview or a photograph. It is the responsibility of a trained media relations officer to address media inquiries.
(REFER TO YOUR SERVICE POLICY AND PROCEDURE)
- Never say “no comment.” This can be misinterpreted negatively by the media.
- Remember that everything you say is “on the record.” Do not answer questions from the media that are outside your scope or do not make assumptions or educated guesses if you do not clearly know the answer.
- If no media officer is available you may rely on provided key messaging (below) and then indicate further information must come from a media officer.
- Do not express an opinion.

General Key Messages for Assigned Members – Public Interaction

- Remain professional at all times.
- Rely on PLT-style messaging.
- Do not participate in selfies or other activities which could be interpreted as showing support for demonstrators.
- Do not express opinions. This includes support or criticism of demonstration activities.
- Ensure it is clear that illegal activities will not be tolerated.

Key Messages

General Response:

- The Ottawa Police Service (OPS), the Ontario Provincial Police (OPP) and the Royal Canadian Mounted Police (RCMP) have been fully engaged via the Integrated Command Centre (ICC) to ensure an efficient and timely response to the ongoing demonstrations.

- The National Capital Region presents unique policing and security challenges, due to the multi-jurisdictional and complex nature of its environment and landscape and an integrated and collaborative approach is key to ensuring readiness for and response to critical incidents and threats in the NCR such as the ongoing protest situation.

- The Ottawa Police Service continues to be the agency in relation to the ongoing demonstrations in Ottawa with support from a variety of law enforcement agencies through the Integrated Command Centre.

The (Police Service) respects the rights of Canadians to exercise their freedom of expression and peaceful assembly.

The (Police Service) recognizes the need to balance individual rights and freedoms with the need to maintain public peace and order.

Messaging to Impacted Residents and Business Owners

- We understand the impact and strain this situation has caused to residents and business owners in downtown Ottawa.
- Police are working to ensure a safe resolution to the situation.
- Our goal is to ensure the safety of everyone involved.
- Police continue to investigate multiple incidents and could lay charges at a later date.
- OPS will provide additional messaging.

Enforcement/Threats/Violence/Illegal Activity:

- The (Police Service) urges everyone involved not to endanger members of the public or first responders (including police personnel), jeopardize public peace or participate in purposefully illegal events.
- The (Police Service) will maintain the peace and public/traffic safety and investigate criminal acts in accordance with its legislated responsibilities and in the best interests of all involved.
- Only the level of intervention necessary will be used to ensure the safety of the public and to maintain peace, order, and public security. The use of force is always a last resort.
- The proper use of police discretion is a valid, appropriate approach to de-escalating situations. The proper exercise of police discretion should not be confused with lack of enforcement. Police personnel may wait for a lower-risk opportunity to arrest offenders rather than inflame a situation.
- The (Police Service) will respond to unlawful activities or actions in an appropriate and professional manner.
- We are reviewing security measures based on risk assessments and will be ready to respond and adapt to any potential dangerous situation.
- We will not condone any behavior or action that puts someone's health or safety in jeopardy, including any threats or acts of violence.

Questions and Answers:

Q: "Why aren't officers breaking up the convoys and dispersing the crowds?"

A: We understand the concerns of citizens and we share those concerns. We want to reassure the public that we continue to actively engage with and monitor these convoys. Those found committing crimes and acts of violence will be investigated and charges will be laid.

Q: "We continue to see far-right messaging from those attending these convoys – including anti-Semitic and racist messages. What are you doing about that?"

A: Our main focus is preventing these convoys from developing into situations that actively threaten the safety and security of our communities. We want to stress that we are monitoring these gatherings closely and those who are observed committing criminal offences are being investigated thoroughly. In any emergency, we ask the public to call 9-1-1 immediately.

Q: "Why hasn't the military been called in, and why are we not seeing riot police at these gatherings?"

A: We continue to work with our policing partners across the province, as well as all levels of government, to assess risk and develop strategic plans to address these convoys. Those conversations are ongoing, and we will continue to provide updates to the public and media as things progress.

Effective immediately all discretionary leave is cancelled across the entire region.

Please put all uniform members on stand-by that are on rest days effective now. This will be re-evaluated over the next 48 hours but we are going to have an additional deployment of 400 officers per day starting tmrw night (200/shift). We will be looking for approx.. 75 members for tmrw night and please ask them to pack for 5 days.

I've asked Steph to coordinate this and have provided him so additional information.

Importance: High

All;

Thanks for holding off while we had some further discussion. Please continue with the below request, identifying people for the numbers listed for your detachment with an anticipated start date and time to begin tomorrow, for a two week period. We will the date / time this aft.

We are aware DC's want to ensure consistency throughout the Region regarding cancelling discretionary time. We also want to ensure consistency and the Chief supports the cancelling of discretionary days / rest days as per the Commissioners memo, which states: *To ensure adequate response and staffing levels, I am directing that regional and bureau commanders may cancel rest days and discretionary leave, as may be required to respond appropriately. Vacation periods shall not be impacted at this time; however, as the situation evolves, further assessments may be required. Advance notice will be provided as much as possible should the need arise to amend vacation periods. Members who have exceptional and extraordinary requirements during the period of deployment may discuss requests for exemptions through their chain of command to regional/bureau commanders. Requests will be considered on a case-by-case basis.*

Please note, ER Command is alive to the following concerns and we will provide a response sooner than later:

- Transportation of members who may be called out on Stand By (Use of Region Pool vehicles (vans), driven by Aux or Special Cst to drive around Region to pick up officers and bring them to hotel site rather than further deplete local cruisers)
- Concerns from detachments along the borders who are being heavily tasked at the border crossings. We will look to ensure you are adequately staffed from other areas, not just pulling from your detachments.

More info to follow. Any questions, let me know.

Thanks, Lisa

Subject: Tomorrow's Meeting - Info Sharing

Good Afternoon, All;

Apologies for the late day info sharing in preparation for our 0830 meeting tomorrow. For your awareness, we will be discussing next steps as we move forward with identifying members across the Region who will be placed on Standby, which will likely commence on Wednesday, February 16th.

To start, we will be placing 80 members from across the Region on Standby. The below information will assist in determining how many members will be required from each detachment / unit to be on Standby. I have also included the provisions regarding Standby, as outlined in Police Orders and the Uniform Collective Agreement.

For further discussion tomorrow morning.

Thank you,
Lisa

Police Orders - 6.5.8: POLICE STANDBY

Introduction - This policy shall apply to the uniform member below the rank of CO.

Interpretation - Standby shall not eliminate or prohibit the existing co-operative practice under which a uniform member provides the supervising officer with information as to where they can be contacted while off duty, but there shall be no restriction on the free time of a uniform member that is not in accordance with the OPPA Uniform Collective Agreement.

Order to Standby - An order to standby shall only be given in the event of a real or potential major incident, e.g. a strike, civil disorder, natural disaster or other specific enforcement situation. The decision to assign an employee to standby shall only be made by a CO.

Confirmation - An order given to standby shall specify the times the standby period is to begin and end. The order may be given verbally, but shall be confirmed in writing by the authorizing uniform member as soon as practicable, and a single document may confirm multiple standby periods.

Availability - An order to standby may be given to a uniform member who is at their residence or billeted at a motel, camp or other location, to standby at that location and be available for prompt return to duty.

Subsequent Order - Where a uniform member is required to report for a normally scheduled work period following a period of standby and is again required to standby at the conclusion of the work period, a subsequent order to standby shall be given.

Called from Standby - Where a uniform member is called to duty from standby and completes this duty prior to the conclusion of the designated standby period, they shall return to a standby condition until the conclusion of the designated standby period. Where doubt exists as to whether a specific situation warrants the assignment of an employee to standby, the decision of the appropriate regional commander shall be sought.

Entitlement - A uniform member's overtime entitlement shall begin when they are called to duty from standby. Where the uniform member completes any assigned duties prior to the conclusion of the designated standby period and returns to standby, the actual overtime hours worked shall be deducted from the designated standby hours in computing standby entitlement. Entitlement for standby shall be in accordance with the OPPA Uniform Collective Agreement.

Collective Agreement - STAND -BY TIME 6.06.01

- (a) Stand-by is a period of time during which, in accordance with administrative procedures established by the Commissioner, an employee is ordered to remain at his/her residence or other specified quarters, (as determined by the person authorizing the stand-by) from which the employee shall be ready to proceed to a work location immediately upon receipt of instructions.
- (b) This Article shall not eliminate or prohibit the existing co-operative practice under which a member of the OPP provides advice to his/her supervisor as to his/her proposed whereabouts while off duty but there shall be no restriction on the free time of an employee that is not in accordance with this Collective Agreement.
- (c) Where an employee is required to be on stand-by he/she is entitled to be paid at his/her hourly rate of salary for one-third (1/3) of his/her stand-by time, but where such stand-by time is less than the number of hours in the employee's scheduled working day, the employee is entitled to three (3) hours pay at the hourly rate.

- (d) The minimum entitlement of four (4) hours pay pursuant to sub-section 6.02(a)(ii) and 6.02(a)(iii) shall not apply to an employee who was on stand-by when he/she was required to report for work, and a period of work for which pay is received at one and one-half (1 1/2) times the hourly rate under the provisions of sub-section 6.02(a)(ii) and 6.02(a)(iii) is not included in any stand-by period.
- (e) The minimum entitlement of sixteen (16) hours pay pursuant to sub-section 6.02 (b) shall apply to an employee who was on stand-by when he/she was required to report for work, and a period of work for which pay is received at two and one-half (2 1/2) times the hourly rate under the provision of sub-section 6.02 (b) is not included in any stand-by period.

Good evening,

Today, the Ottawa Police Services Board identified Ottawa Police Service (OPS) Deputy Chief Steve Bell as the Interim Chief of the Ottawa Police.

Through an integrated command structure, alongside the RCMP, the OPP will continue to support the OPS in response to the ongoing demonstrations in Ottawa.

Further to my February 11, 2022 memorandum, the ongoing OPP response to the activities in Ottawa and across the province, has identified the need for unprecedented resource deployments to adequately and effectively meet our provincial and detachment public safety responsibilities.

Additional resources are now being deployed. Effective immediately, all active uniform members must be prepared for deployment and/or detachment overtime work. Affected members will receive notification regarding requirements for stand-by time, additional shifts, or deployment.

Provisions for stand-by time, overtime, and other potential entitlements, along with appropriate DAR coding, will be provided with deployment joining instructions.

Thank you in advance for your ongoing support of this ever evolving major event.

Thomas Carrique
Commissioner
Ontario Provincial Police

Theft of Tractor Trailer and Firearms

Incident # PB22003125

Occurrence Address: 374 Parkhill Road East, Peterborough, ON

In the early morning hours of the 13th of February 2022, unknown persons broke into the compound at Deck Transport Ltd. and stole a transport truck and trailer that were parked in the lot.

The trailer that was stolen contained a shipment of firearms and accessories from Savage Arms gun factory in Lakefield. It has been learned that the following items were in the trailer:

- 3409 – 22 Caliber long guns varying brands – some distinctively **pink and or blue** in colour. All produced by Savage Arms.
- 6468 magazines
- Assorted stocks, stocks assemblies, tension adjusting tools, trigger guards
- Value of shipment \$457,102.87.

Stolen Truck and Trailer

The truck was a 2019 Freightliner New Cascadia 126 – Model # T12664ST VIN [REDACTED] – ONTARIO MARKER [REDACTED]. The truck is all white with DTL Deck transport on the driver side door and the trailer is all white. Looks like this but has #97 on side.

Similar photo:

The trailer was a 2014 Hyundai 53' Dry Freight Van – Trailer Plate marker [REDACTED] – Trailer #14002 – Serial number [REDACTED]

Video has been seized from the entrance of the lot. The suspect vehicle appears to be a 4 door blue Sedan. See following photos:

VII.	Administration and Communications	11

I. Overview of the Operation

1. This plan is a tactical operations plan for the integrated Public Order Units (POU) responding to the entrenched "Freedom Convoy" in place in Ottawa.
2. The goal of the plan is to restore law and order and the flow of traffic in areas affected by the convoy blockades in the City of Ottawa using the authorities granted to peace officers in the province of Ontario.
3. There are 10 blockades of concern in Ottawa which will be systematically cleared by POU teams in conjunction with various other policing partners.
4. This POU tactical plan will be executed in conjunction with the overarching Master Operational Plan, and associated plans including the Egress Route Traffic Plan, OPS Detention and Investigative Plan, Unified Communication Plan.

II. Integrated Public Order Units

5. This plan was written in conjunction with subject matter experts from:
 - a. Ottawa Fire Services (OFS)
 - b. Ottawa Police Service (OPS)
 - c. Ontario Provincial Police (OPP)
 - d. Parliamentary Protective Service (PPS)
 - e. Peel Regional Police
 - f. Royal Canadian Mounted Police (RCMP)
 - g. Sûreté du Québec (SQ)
 - h. Waterloo Regional Police Service (WRPS)
6. Additional resources from various police services are anticipated to assist in the operation as required.
7. All police officers/peace officers taking part of this operation will adhere to their oaths of office, general policies, and general standard operating protocols of their police services¹. For this operation the provided Rules of Engagement Decision Matrix will supersede individual service's use of force policies and SOPs.
8. French speaking members will be made available upon request or as required. All announcements will be repeated in French, as well all clients will be afforded their rights to communicate in French or English.
9. A scribe will be assigned to each POU Commander.

¹ There may be variations in policies and standard operating protocol across the participating police forces which may be under circumstances be superseded under the direction of the Critical Incident Commander, POU Commander, or any police officer with authority to direct the POU operation.

POU Rules of Engagement – Decision Matrix

10. See **annex 1 POU Rules of Engagement – Decision Matrix** for use of force events. All POU Commanders shall be fluent in the POU Rules of Engagement.

Command and Control

11. The overall Event Commander (**command post**) for this operation will be A/Supt. Rob Bernier and or delegate. A Critical Incident Commander will be assigned with the POUs on the ground for weapons, hostage...etc incidents, and take command of critical incidents.
12. The overarching Operational **Command Post** POU Commander will be A/S/Sgt Avery Flanagan and or delegate. See **annex 2 POU Command Plan**.
13. Each service will provide a Liaison POU Commander who will act as a liaison to the Operational **Command Post** POU Commander. Emergency Response Teams (ERT)/Tactical Unit will have a liaison in the **Command Post**.
14. Individual POUs will be under the tactical direction of a Tactical POU Commander.
15. ERT/Tactical Units will be under direction of a ERT/Tactical Unit Commander.

III. Authorities

16. Mischief – Section 430(4)(c) C.C.
17. Counselling to Commit Mischief – Section 22 & 22(1) C.C.
18. Attempt to Commit Mischief – Section 463 C.C.
19. Conspiracy to Commit Mischief – Section 465(1)(c) C.C.
20. Intimidation – Section 423(1)(g) C.C.
21. Obstruct a Peace Officer – Section 129 C.C.
22. Breach of the peace – Section 31(1) C.C.
23. Disobeying Order of the Court – Section 127(1) C.C.
24. Dangerous operation of a motor vehicle – Section 320.13
25. Operating a motor vehicle while impaired – Section 320.14(1)(a)
26. Provincial Offences Act/Highway Traffic Act/Liquor Offences

27. Emergency Management and Civil Protection Act (EMPCA) – Emergency Measures Regulations – ***Practically speaking the enforcement of the EMPCA is an exercise in ticketing. An officer may not resort to the criminal offence of obstructing a police officer under the EMPCA regulations. One may ticket an individual under the EMPCA after an arrest of a criminal code offence (mischief) and removal from the scene. EMPCA may be used with the goal of dispersing the crowd through ticketing and removing property.***

- a. It is an offence for a person to impede access to, or egress from, “critical infrastructure”, or otherwise to assist in such interference (s. 2, O/Reg 71/22).
- b. It is an offence to impede access to, or egress from, a highway or bridge where such impediment interferes with economic activity or otherwise interferes with public safety (s. 3, O/Reg 71/22).
- c. Police has the power to order persons to stop any ongoing contravention of the sections, and to disperse, and also to remove any object used in the contravention; and person who are so directed have a duty to comply (s.4 O/Reg 71/22).

28. Ottawa Court Injunction, City of Ottawa and Persons Unknown, February 14, 2022, court file no. CV-22-88569:

- a. Open Air Fire By-law 2004-163.
- b. Fireworks By-law 2003-237.
- c. Noise By-law 2017-255.
- d. Use and Care of Roads By-law 2003-498.
- e. Idling Control By-law 2007-266.
- f. Physically preventing, impeding, restricting or in any way physically interfering with, or counselling others to impede, restrict or in any way physical interfere with, another person’s compliance with this order.
- g. Threatening, harassing or intimidating the applicant’s employees, servants, agents or other persons engaged in the administration or enforcement of municipal by-laws.
- h. Physically interfering with or counselling others to physically interfere with the performance by the application of its obligations under the Municipal Act, 2001 and its contractual relationships with its employees, servants, agents or other persons having business with the applicant.

IV. Situation

Summary - Freedom Convoy Demonstration

29. A large-scale illegal occupation and blockade (labelled as the "Freedom Convoy") began in the National Capital Region on January 28, 2022, and since then, similar illegal activities have occurred across the country. These illegal blockades were in BC, AB, MB, and ON. The illegal blockades have been taking place over high-traffic areas and border crossings.
30. Participants in these illegal activities have established ongoing blockades in the Ottawa downtown core, noticeably adjacent to Parliament Hill. A pattern has emerged with respect to crowd size, as the number of participants in these illegal activities significantly increases on the weekends.
31. On February 15, 2022, the Governor in Council (Privy Council) has declared a public order emergency pursuant to subsection 17(1) of the *Emergencies Act* to assist the efforts to end the ongoing illegal occupations and blockades in Ottawa and at Ports of Entry (POEs) across Canada.

Area of Operations

32. As of February 16, 2022, there are 10 road blockages or gathering points of trucks, motor vehicles, tents and other structures, and protesters².
33. The 11 blockades locations are in the area of:
1. **Nicolas St**, (Waller St to the north, Laurier Ave to the south)
 2. **Rideau St and Sussex Dr Area** (Rideau St between Nicholas St and Mackenzie Ave) (Colonel By Dr/Sussex Dr between Daly and George St)
 3. **Wellington St and paralleling Sparks St & Queens St**, (Elgin St to the east, Bay Street to the west)
 4. **Metcalf St** (Queen St to the north, Nepean St to the south)
 5. **O'Connor St** (Queen St to the north, Albert St to the south) & Albert St between Bank St and O'Connor St)
 6. **Bank St** (Queen St to the north, Albert St to the south) & Albert St between Bank St and Kent St
 7. **Kent St** (Queen St to the North, Albert St to the south) & Albert St between Kent St and Lyon St
 8. **Lyon St** (Queen St to the north, Nepean St to the south)

² There are a variety of motor vehicles including semi trucks, campers, passenger vehicles ...etc.

8. **Bay St** and Sparks St Area (Bay St between Wellington St and Sparks St) (Sparks St west of Bay St curbing into Bronson Ave south to Albert St)
10. **SJAM** (Sir John A Macdonald Parkway)
11. **RCGT Park** (Raymond Chabot Grant Thornton Park at 302 Coventry Rd)

V. Mission

34. To ensure the removal of protesters in the area of the blockades in relation to the "Freedom Convoy 2022"; this will be achieved by securing, isolating and evacuating persons within the designated blockade zones. To ensure the safe detention and arrests of any participants taken into custody. Ensure public and police safety.

VI. Execution

Concept of Operations

35. At the designated time, ingress and egress routes surrounding the downtown core will be locked down according to the Master Ops plan/Containment plan.
36. The Event Commander will ensure POU teams (and assigned support units: Police Liaison Teams (PLT), Tactical/ERT, EMRT/Medics, Hand Off Teams (HOT) & Evidence Gathering Teams (EGT)) assigned to the 11 designated protest sites are ready and will order the POUs to concurrently (or individually as the situation dictates) commence the POU operation.
37. Takedown of each location to commence in phases as dictated by the Critical Incident Commander:
 1. **Nicolas St**, (Waller St to the north, Laurier Ave to the south)
 2. **Rideau St and Sussex Dr Area** (Rideau St between Nicholas St and Mackenzie Ave) (Colonel By Dr/Sussex Dr between Daly and George St)
 3. **Wellington St and paralleling Sparks St & Queens St**, (Elgin St to the east, Bay Street to the west)
 4. **Metcalf St** (Queen St to the north, Nepean St to the south)
 5. **O'Connor St** (Queen St to the north, Albert St to the south) & Albert St between Bank St and O'Connor St)
 6. **Bank St** (Queen St to the north, Albert St to the south) & Albert St between Bank St and Kent St
 7. **Kent St** (Queen St to the North, Albert St to the south) & Albert St between Kent St and Lyon St

- 8. **Lyon St** (Queen St to the north, Nepean St to the south)
- 8. **Bay St** and Sparks St Area (Bay St between Wellington St and Sparks St) (Sparks St west of Bay St curbing into Bronson Ave south to Albert St)
- 10. **SJAM** (Sir John A Macdonald Parkway)
- 11. **RCGT Park** (Raymond Chabot Grant Thornton Park at 302 Coventry Rd)

See overarching **annex 3 Phase Execution Plan** and **annex 4 (Nicholas St), 5 (Wellington St), 6 (SJAM), 7 (RCGT) individual Phase Plans.**

Long Range Acoustic Device (LRAD)

38. A LRAD will be used at the discretion of the command post commanders. The anticipated messaging will be³:

- a. You must leave.
- b. You will be arrested.
- c. Anyone found within the zone will be arrested.
- d. Vous devez partir.
- e. Vous serez arrêté.
- f. Toute personne trouvée dans la zone sera arrêté.

39. PLT or POU will ask pedestrians to leave the identified areas, in a designated direction, or be arrested. Non-compliant demonstrators that choose not to leave will be arrested.

Vehicle Approaches

40. Vehicles will be approached by the POUs with an ongoing risk assessment. **Action on vehicles will commence according to the follow scenarios.**

- a. **Unoccupied vehicle appears clear**
 - i. Visually clear the vehicle and area free of protesters move on.
- b. **Occupied unlocked vehicle non-compliant occupant**
 - i. Remove, willing to leave let go. Refusal arrest the party.
- c. **Occupied locked vehicle compliant occupant**
 - i. Ask them to leave, collect their information and will contact them when their vehicle is able to be moved or picked up. If they refuse, arrest.
- d. **Occupied locked vehicle with non-compliant occupant**
 - i. Push past and move armored vehicle in front of vehicle if possible. Tactical will come up and deal with vehicle. Keep moving, if tactical

³ The final messaging may change at time of deployment

not available will hold if vehicle is not immobile. Once deemed immobile will continue to push.

e. **Occupied locked vehicle with non-compliant occupant with other occupants**

- i. Push past and move armored vehicle in front of vehicle if possible. Tactical will deal with vehicle (see tactical plan). Keep moving, if tactical not available will hold if vehicle is not immobile. Once deemed immobile will continue to push.

f. Feeney Warrants will be determined on a case by case basis by HOT or ERT/Tactical.

41. Action on armed (firearm, knife, impact weapon, incendiary... etc) suspect:

- a. Armed POU will engage according to their training. ERT/Tactical Units will respond according.
- b. Unarmed POU will seek cover and request ERT/Tactical Units, suspicious persons shall be identified and if possible ERT/Tactical Units will be notified in advance of approaching suspicious persons.

42. Arrests and Evidence

- a. In the event a POU member needs to effect an arrest, the POU member will verbally arrest the suspect. An OPS Hand Off Team (HOT) will be requested at scene to take conduct of the arrestee(s) in accordance with the **OPS Detention and Investigative Plan for a Proposed Mass Arrest**. An Evidence Gathering Team (EGT) may be requested as required.
 - i. **POU will advise HOT member of their name, badge number and the reason for detention or arrest.**
 - ii. **HOT member will take a photo of the arresting POU member and the arrestee.**
 - iii. **Notes to be taken as soon as practical.**
- b. In the event of a mid-sized (2-10) arrest, arrested persons will be moved away from the scene and a hand off location for the HOT will be identified. Multiple HOT and EGT will be requested.
- c. In the event of a mass (10-100+) arrest the same protocols will apply for a mid-sized arrest. In addition, all arrested persons will be removed from the arrest location and moved to a secondary area – either cells or secondary processing site.

43. Children and pets

- a. Lost, found, abandoned, arrestee's children will be escorted to a safe area and a HOT requested to take carriage.
 - b. Pets will be secured in a vehicle or structure if safe and a HOT will be requested to contact the appropriate services, or, pets will be taken to a safe area and secured for the HOT.
44. All person(s) and animal(s) taken into the custody by a POU member will be responsible for that person(s) and animal(s) until the carriage is handed over to a HOT.
45. Emergency Response Teams/Tactical Units/Hostage Negotiators will act according to their SOP's to provide over watch and support to POUs and to ensure the safety of the public⁴ and police. See **annex 8 Tactical SMEAC – Freedom Convoy**.
46. Vehicle, Structure, and Obstruction Removal will occur when the area is safe and as dictated by the POU commander.
- a. See **annex 9 Combined Service ORT (Obstruction Removal Team) plan**.
47. Quick Response Teams (QRT) will be requested and deployed as required.

Medical, Fire, Chemical Biological Radiological Nuclear Explosive (CBRNE) Plan

48. Fire and Paramedic resources attached to POU will follow the POU team at a safe distance.
- * Request forwarded for Ambulance and paramedics with enough numbers and skills to cover the operational period, a total of 4 ambulances staged to support the operation.

49. **Action on injured POU/police/support/prisoners see annex 10 POU Medical Emergency Plan.**

Medical support will:

- a. Be available to all deployed POUs with the ability to extract injured members and provided first aid.
- b. Depending on the type and severity of the injury, provided transport and medical aid to POU members at a safe location.
- c. Provide evacuation plans to designated hospitals, depending upon the nature of the injury, burns and or major trauma may go to different facilities.

⁴ Public, in this document, includes all pedestrians and occupants of vehicles in the area.

- d. Medical services are available to both police and any injured parties.
- e. Should either a police officer or a prisoner require medical aid the nature of the event must be documented.
- f. Should either a police officer or a prisoner require medical aid the injured party will be escorted by a police officer to the hospital until relieved by member care parties.
- g. HOT members will be requested to take carriage of injured public.

50. Action on CBRN contaminated POU/police/support see annex 11 Ottawa Fire Services Plan which includes CBRN decontamination for police/support.

51. Action on fires, Fire Suppression Units assigned to POU's with backpack mounted extinguishers will engage smaller fires. Larger fires will require Ottawa Fire Services. See **annex 11 Ottawa Fire Services Plan.**

*Request to Ottawa Fire Services was forwarded to provide the assets identified in the annexed Ottawa Fire Services Plan.

Access to City Hall parking garage.

OC bus and driver to move personnel between line and decon facility

Backup clothing uniforms/Tyvek suits/towels etc for contaminated individuals

2x city trucks with sand and operators

2x police soft hat to provide security for decon

52. Action on CBRN contaminated public request Ottawa CBRNE Task Force.

53. In the event of a suspected CBRNE or CBRNE dispersion device the POU Commander will be notified and all POU vehicle/pedestrian clearing operations will cease. All persons including police will be evacuated as safely as possible. There is a possibility that occupants of vehicles may not vacate their vehicles, in this event POU will ensure that the occupants be warned of the potential CBRNE numerous times prior to disengaging from the area due to officer safety. The Explosives Disposal Unit/CBRNE team will be requested and a safety perimeter will be established according to EDU/CBRNEs recommendation. A hot zone, and a cold zone will be established.

VII. Administration and Communications

54. Uniform / Equipment: The majority of POU members will be initially deployed in Soft Tac Level 1, High Visibility Public Order Vest with name tag affixed to it with embroidered Velcro name tag, and issued MK-9 or Cold Fire.

- a. Two reserve POU teams will be in "hard hat" level 4, full protection, standing by at designated locations according to each Phase.

- b. All POU's may resort to "hard hat" level 4, full protection, at the discretion of the Event Commander/Operational POU Commander.

55. Weapons availability, designated members with the appropriate training shall carry the following:

- a. 4 x 37mm ARWEN (rubber baton round)- standard and reduced energy
- b. C/S Gas:

- b. 6 x vehicle mounted 1.5L Cold Fire extinguisher
- c. FSU equipped with Cold Fire backpack reservoirs and 2 x 200 ft of hose that can be hooked up to standard hydrant.

57. Out of Province Public Order Units -will deploy and utilize the standard operating procedures from their respective services (however they must adhere to the provided Rules of Engagement Decision Matrix).

58. Meals and Wellness⁵:

- a. Meals and liquids will be provided as required by logistical support members for all personnel while involved in this operation.
- b. The Event Commander/Operational POU Commander/Tactical POU Commanders must ensure proper rest for POU/ERT/Tactical members. Down rooms must be identified prior to deployment.
- c. Tentative down rooms subject to change:
 - i. 131 Queen St 7th & 8th floor for POU's only
 - ii. 50 Rideau St (Rideau Centre Mall loading dock of Daly St)
 - iii. Marriot Hotel – basement of 350 Dalhousie St
 - iv. National Arts Centre – by security, 53 Elgin St

⁵ As per collective agreements.

- v. 100 Laurier – across from security on main floor
- vi. Chateau Laurier – unknown room

59. Vehicles:

- a. Each POU service will have assign team vehicles.
- b. Special Constable will have Prisoner Transport Vehicles

60. Radio Communications:

- a. Command Net for POU: ESU 1
- b. Each Service: Simplex
- c. In the event of radio issues, each individual POU team will have a common radio channel.

POU Command

Overall command of Public Order Unit (POU) operations will be the responsibility of the Public Order Commander. The role of Public Order Commander will be assigned to one member per shift to ensure continuity of operations and an adequate period rest for each Commander.

The POU Commanders are:

Day Shift – A/S/Sgt. Avery Flanagan – Ottawa Police Service

Night Shift –

The POU Commander will report to the Event Commander and is responsible for the overall coordination and movement of POU Teams throughout the operation, management of the POU Plan, meeting objectives for POU Teams as assigned by the Incident Commander.

The overall POU Commander will be supported in the POU Command centre by the commanders of each service deployed in the field at that time. Each police service will provide a commander to operate in support of the overall POU Commander at all times their individual service team is deployed in the field.

At any time, and at the discretion of the POU Commander, they may appoint a service Commander as the Deputy POU Commander. This capability will allow for Command coverage should the POU Commander need to leave the room for any reason including, but not limited to, meetings, briefings breaks or any other reason that would draw them away from the command centre or significantly divert their attention for any period of time.

Operational Cycles

POU Command Operations will run on a 24/7 basis on a 12-hour operational cycle. The day shift cycle will commence at 8am and run until 8pm. The nightshift cycle will commence at 8pm and run until 8am. It is the responsibility of the relieving POU Commander to arrive in a sufficient time prior to the start of their shift to be briefed and ready to assume command at the identified time.

Wellness

The wellness and sustainability of the Commander is extremely important. Given their need to absorb and process information and make critical decisions, each POU Commander shall take a 20 min rest at minimum, every 2-3 hours, at a time that it is operationally possible to do so. Individual services commanders and the IC can, at any time, recommend the POU Commander take a break to ensure they remain able to operate at a high level.

If the POU Commander needs to be removed from his duties at any time in either a temporary or permanent capacity, they will appoint a Deputy POU Commander to assume command and immediately inform the Incident Commander.

Phase Execution Plan

PHASE 1: Nicholas St (Waller St to the north, Laurier Ave W to the south)

Blue= POU team 1

Orange= POU Team 2

Green= POU Reserve

Yellow= Processing Area

↓ = Prisoner Escort Vehicles

Staging

POU will stage in the designated areas as noted in the above photograph. POU team #1 will provide site security to the processing area. If required POU teams will create cordons at their posts should there be a surge of demonstrators that attend.

The trucks are all parked on Nicholas St facing northbound in tow lanes from median to curb between Laurier Ave W and Waller St.

Execution

POU Team #1 will move south from Waller St and proceed south on Nicholas St.

Heavy PLT to engage the truckers.

Soft hats/HOT to make arrests.

Traffic to ensure road closures and assist with the towing plan.

PHASE 2: Rideau St and Sussex Dr Area

Rideau St between Nicholas St and Mackenzie Ave

Colonel By Dr/Sussex Dr between Daly and George St

Red - PSU 4

Green- PSU 5

Blue - PSU 6

Yellow- PSU 7

Purple- PSU 8

Light Blue- PSU 9

Order of march:

Eastern element:

PSU4, PSU5, HOT, Prisoner
escort

Western element:

PSU6, PSU8, PSU9, PSU7

Staging

Public Safety Units (PSU)/POU's 4, 5, 6, 7, 8, and 9 will stage on Daly Ave and Nicholas St keeping one lane open for traffic units.

PSU 4 and 5 will proceed north on Nicholas St and stage south of Rideau ST.

PSU 4 and 5 will be followed by HOT teams, uniform compliment and CIB

PSU 6,7,8,9 will proceed west on Daly and stage east of Colonel By Dr.

Execution:

Upon the initiation command units will move to the following points:

PSU 4 – will proceed up to Rideau St and go westbound (left) on Rideau St and push to Sussex Dr and hold a line at Sussex Dr. PSU 5 will proceed up to Rideau St and go westbound (left) and after William St, split in two and form a cordon with 2 squads facing eastbound on Rideau St just west of William St and 2 squads facing westbound on Rideau St under pedestrian bridge creating a secure area for prisoner processing.

PSU 6, 7, 8, and 9 - Northbound on Colonel By Dr to Rideau St.

PSU 6 will push up the right (eastern) branch of the fork of Rideau St and form a cordon facing northbound at on the south side of Rideau at Sussex.

PSU 8 and 9 – will push up the left (western) branch of the fork of Colonel By Dr and across Rideau St. PSU 8 will go west on Rideau St and form cordon facing eastbound on Rideau St at the west side of Mackenzie Ave. PSU 9 will go west on Rideau St and will form a cordon facing westbound on Rideau St at the west side of Mackenzie Ave to provide rear coverage.

PSU 7 will follow PSU 8 and 9 up the west branch of the fork of and clear the footpath on the southwest corner of Rideau St and Sussex Dr. PSU 7 will then form a cordon facing northbound west of PSU 6 on the south side of Rideau St at Mackenzie Ave.

PLT will engage with firm messaging for the crowd to egress northbound on MacKenzie Ave and Sussex Dr either on foot or in vehicles. All those remaining will be arrested by HOT (See arrest plan).

After allowing those who wish to leave the opportunity to do so, PSU 6 and 7 will push northbound on Sussex Dr through the intersection clearing it of protesters and eventually holding at George St.

PSU will hold all points until relieved by members of the traffic plan who will establish checkpoints hardened with barricades.

PHASE 3: Wellington St & paralleling Sparks St, (Elgin St to the east, Bay Street to the west)

Staging

Elgin St at Wellington St. Wellington St is secured East of Elgin St. A staging zone is set up at the north end of Elgin extending south down the Elgin St corridor. 2 Hard tact sections staged in support in vehicle convoy, moved up to staging point at North end of Elgin St.

Mounted units supported by POU on Sparks St. at Elgin St. Albert St has reinforced barriers the north side of every intersection paralleling Sparks St and Wellington St.

POU sections staged at Wellington St and Elgin St, supported by Tactical and over watch, HOT, rear safety.

Execution

Messaging is broadcast over LRAD system to the anyone present on Wellington St (scripted messaging, to be completed, French and English).

2 POU sections in front, move ahead in a clearing wave, anyone refusing to leave is arrested and transferred through the line to HOT. Part of the HOT process will involve identifying and documenting which vehicle is associated to which person and providing messaging on process for retrieving vehicles at a later time or location.

Actions on strategies are drafted to address how POU will clear and/or proceed each vehicle. (See Tactical Plan).

Mounted unit, supported by squads, will move parallel to sections on Wellington St, securing Sparks St.

Once arriving to Metcalfe St, teams hold west and south side of intersection. Sparks St squads hold east side of Sparks and Metcalfe while Mounted unit moves in reserve. POU squads press down to clear Metcalfe St to the intersection of Metcalfe and Queen. A hard barricade is already in place. Hard fencing and uniform security will hold the North side of the intersection. Once secured, which should be efficient, Operations will press forward continuing the movement.

The operation will continue West on Wellington repeating the sequence for each side street encountered: O'Connor St, Bank St, Kent St, Lyon St, Bay St.

Hold the entire footprint of Wellington St from West of Bay St, to East of Elgin, south to Queen St.

Execution

Upon the initiation command units will move to Queen and Kent and hold a line on the south side of Queen.

PLT will engage with firm messaging for the crowd to egress southbound on Bank either on foot or in vehicles. All those remaining will be arrested by HOT (See arrest plan).

After allowing those who wish to leave the opportunity to do so, POU 8 and 9 will push southbound on Kent through the intersection at Albert. POU 8 will go westbound (right) and push out to Lyon. POU 9 will hold a line on the south side of Bank. POU 8 will hold at Lyon until relieved by members of the traffic plan who will establish checkpoints hardened with barricades, at which point POU 8 will return to POU 9 location.

POU's 8 & 9 will continue southbound and the process will be completed at Slater, Laurier, Gloucester, and stopping at the north side of Nepean and will hold until relieved by members of the traffic plan who will establish checkpoints hardened with barricades.

Each block will include clearing protesters out of adjacent parking lots where protesters have encamped themselves.

PHASE 8: Lyon St (Queen St to the north, Nepean St to the South)**Staging**

POU 10 and 11 will stage at Queen, east of Lyon.

PSU will be followed by HOT teams, uniform compliment and CIB.

Execution

Upon the initiation command, units will move to Queen and Lyon and hold a line on the south side of Queen.

PLT will engage with firm messaging for the crowd to egress southbound on Bank either on foot or in vehicles. All those remaining will be arrested by HOT (See arrest plan).

After allowing those who wish to leave the opportunity to do so, POU 10 and 11 will push southbound on Lyon through the intersection at Albert. POU 10 will go westbound (right) and push out to Bay. POU 11 will hold a line on the south side of Lyon. POU 10 will hold at Bay until relieved by members of the traffic plan and will turn over control of their location. When POU 10 is relieved they will then return to POU 11 location.

POU will continue southbound and the process will be completed at Slater, Laurier, Gloucester, and stopping at the north side of Nepean and will hold until relieved by members of the traffic plan who will establish checkpoints hardened with barricades.

Each block will include clearing protesters out of adjacent parking lots where protesters have encamped themselves.

**PHASE 9: Bay St and Sparks St Area,
Bay St between Wellington and Sparks St
Sparks St west of Bay St curving into Bronson Ave south to Albert St.**

Currently there are convoy vehicles occupying Sparks St West of Bay St, in a continuous line down to the intersection of Bronson, and then south on Bronson to Albert.

Execution

One public order section to press south on Bay St from Wellington St and clear the street to Sparks St and will take the intersection, supported by tactical and all assigned resources to the POU plan.

If required, one section will hold the intersection, and one section will move West on Sparks St, and then south on Bronson to Queen.

Dependent upon the placement of vehicles, 2 squads will attend Queen and Bronson and hold the East side of the intersection while the other section moves south through the intersection. The section will continue the movement clearing and securing Bronson to Albert St, on the north side of the intersection.

Tow / Traffic plan may proceed.

PHASE 10: SJAM (Sir John A Macdonald Parkway)

Staging

Deployed POU sections to clear Sir John A. Macdonald Parkway in designated areas.

Execution

PLT will lead with messaging for the Protestors to leave the area or face possible arrest

POU will follow the PLT in Soft hat to assist with moving the protestors out of the area.

If POU faces any resistance POU has the capability of adapting to the protestors

Non-compliant protesters will be arrested.

This area will be cleared in the same manner as other locations including tow/traffic plan.

PHASE 11: RCGT Park (Raymond Chabot Grant Thornton Park at 302 Coventry)

Staging

POU convoy will arrive via Westbound Coventry Rd, entering the laneway on the East side of the baseball stadium. Convoy will drive around the south end of the park and stage facing north on the East side lane of the parking lot area. Team will debus and stage formed up at the south end. POU will be accompanied by Tactical, Hand off teams for arrest, mobile arrest and processing team, traffic enforcement resources and tow operations. Volume of resources will be dictated by intelligence provided prior to actioning.

Execution

PLT will attend and provide messaging to persons occupying the parking lot and property, following the scripted messaging plan (PLT & media plans). POU will stand by.

POU will perform a clearing wave and remove those still inhabiting the property reiterating the messaging to gather up their property and leave the lot. If compliance results POU will stand by to allow inhabitants to collect their property and vacate in an orderly manner. If non-compliance results, POU will arrest those individuals and deliver them to hand off team for processing.

POU will secure the property while it is being cleared and assist, if possible, with removal strategies on ground until completion. City partners will fence and/or barricade perimeter.

POU will turn over responsibility of the property to contracted private security arranged by the complainant.

Prisoner transportation vehicles will be stacked at the front of the convoy at the edge of the site.

OPS tactical & negotiators will address situations of any persons if they barricade inside their vehicles refusing to vacate.

POU will remain at the site until it's cleared of vehicles and pedestrians and traffic routes are open.

Nicholas St. bounded by Laurier Ave to the south, and Waller St to the north
North facing traffic.

Blue= POU team 1

Orange= POU Team 2

Green= POU Reserve

Yellow= Processing Area

↓ = Prisoner Escort Vehicles

Concept Of Operations

Public Order Units will stage in the designated areas. POU team #1 will provide site Security to the Processing area. If required POU teams will create cordons at their posts should there be a surge of demonstrators that attend.

The trucks are all parked on Nicholas facing North bound in two lanes from median to curb between Laurier Ave W and Waller St.

Heavy PLT to engage the truckers. Soft hats to make arrests. Traffic to ensure road closures and assist with the towing plan.

Area 3 - Wellington St

Elgin St at Wellington St. Wellington St is secured East of Elgin St. A staging zone is set up at the north end of Elgin extending south down the Elgin St corridor. 2 Hard tact sections staged in support in vehicle convoy, moved up to staging point at North end of Elgin St.

Mounted units supported by POU on Sparks St. at Elgin St. Albert St has reinforced barriers the north side of every intersection paralleling Sparks St and Wellington St.

POU sections staged at Wellington St and Elgin St, supported by Tactical and overwatch, HOT, rear safety.

Phase 1:

Messaging is broadcast over LRAD system to the anyone present on Wellington St (scripted messaging, to be completed, French and English).

Phase 2:

2 POU sections in front, move ahead in a clearing wave, anyone refusing to leave is arrested and transferred through the line to HOT. Part of the HOT process will involve identifying and documenting which vehicle is associated to which person and providing messaging on process for retrieving vehicles at a later time or location.

Actions on strategies are drafted to address how POU will clear and/or proceed each vehicle. (See Tactical Plan).

Mounted unit, supported by squads, will move parallel to sections on Wellington St, securing Sparks St.

Phase 3:

Once arriving to Metcalfe St, teams hold west and south side of intersection. Sparks St squads hold east side of Sparks and Metcalfe while Mounted unit moves in reserve. POU squads press down to clear Metcalfe St to the intersection of Metcalfe and Queen. A hard barricade is already in place. Hard fencing and uniform security will hold the North side of the intersection. Once secured, which should be efficient, Operations will press forward continuing the movement.

Phase 4: The operation will continue West on Wellington repeating the sequence for each side street encountered: O'Connor St, Bank St, Kent St, Lyon St, Bay St.

Phase 4:

Hold the entire footprint of Wellington St from West of Bay St, to East of Elgin, south to Queen St.

PRIVY COUNCIL • CONSEIL PRIVE

P.C. 2022-106
February 14, 2022

Whereas the Governor in Council believes, on reasonable grounds, that a public order emergency exists and necessitates the taking of special temporary measures for dealing with the emergency;

And whereas the Governor in Council has, before declaring a public order emergency and in accordance with subsection 25(1) of the *Emergencies Act*, consulted the Lieutenant Governor in Council of each province, the Commissioners of Yukon and the Northwest Territories, acting with consent of their respective Executive Councils, and the Commissioner of Nunavut;

Therefore, Her Excellency the Governor General in Council, on the recommendation of the Minister of Public Safety and Emergency Preparedness, pursuant to subsection 17(1) of the *Emergencies Act*, directs that a proclamation be issued

(a) declaring that a public order emergency exists throughout Canada and necessitates the taking of special temporary measures for dealing with the emergency;

(b) specifying the emergency as constituted of

- (i) the continuing blockades by both persons and motor vehicles that is occurring at various locations throughout Canada and the continuing threats to oppose measures to remove the blockades, including by force, which blockades are being carried on in conjunction with activities that are directed toward or in support of the threat or use of acts of serious violence against persons or property, including critical infrastructure, for the purpose of achieving a political or ideological objective within Canada,
- (ii) the adverse effects on the Canadian economy — recovering from the impact of the pandemic known as the coronavirus disease 2019 (COVID-19) — and threats to its economic security resulting from the impacts of blockades of critical infrastructure, including trade corridors and international border crossings,
- (iii) the adverse effects resulting from the impacts of the blockades on Canada's relationship with its trading partners, including the United States, that are detrimental to the interests of Canada,
- (iv) the breakdown in the distribution chain and availability of essential goods, services and resources caused by the existing blockades and the risk that this breakdown will continue as blockades continue and increase in number, and
- (v) the potential for an increase in the level of unrest and violence that would further threaten the safety and security of Canadians; and

(c) specifying that the special temporary measures that may be necessary for dealing with the emergency, as anticipated by the Governor in Council, are

(i) measures to regulate or prohibit any public assembly — other than lawful advocacy, protest or dissent — that may reasonably be expected to lead to a breach of the peace, or the travel to, from or within any specified area, to regulate or prohibit the use of specified property, including goods to be used with respect to a blockade, and to designate and secure protected places, including critical infrastructure,

(ii) measures to authorize or direct any person to render essential services of a type that the person is competent to provide, including services related to removal, towing and storage of any vehicle, equipment, structure or other object that is part of a blockade anywhere in Canada, to relieve the impacts of the blockades on Canada's public and economic safety, including measures to identify those essential services and the persons competent to render them and to provide reasonable compensation in respect of services so rendered,

- 4 -

(iii) measures to authorize or direct any person to render essential services to relieve the impacts of the blockade, including measures to regulate or prohibit the use of property to fund or support the blockade, to require any crowdfunding platform and payment processor to report certain transactions to the Financial Transactions and Reports Analysis Centre of Canada and to require any financial service provider to determine whether they have in their possession or control property that belongs to a person who participates in the blockade,

(iv) measures to authorize the Royal Canadian Mounted Police to enforce municipal and provincial laws by means of incorporation by reference,

(v) the imposition of fines or imprisonment for contravention of any order or regulation made under section 19 of the *Emergencies Act*; and

(vi) other temporary measures authorized under section 19 of the *Emergencies Act* that are not yet known.

PRIVY COUNCIL • CONSEIL PRIVE

C.P. 2022-106
14 février 2022

Attendu que la gouverneure en conseil croit, pour des motifs raisonnables, qu'il se produit un état d'urgence justifiant en l'occurrence des mesures extraordinaires à titre temporaire;

Attendu que la gouverneure en conseil a, conformément au paragraphe 25(1) de la *Loi sur les mesures d'urgence*, consulté le lieutenant-gouverneur en conseil de chaque province, les commissaires du Yukon et des Territoires du Nord-Ouest agissant avec l'agrément de leur conseil exécutif respectif, et le commissaire du Nunavut, avant de faire la déclaration d'état d'urgence,

À ces causes, sur recommandation du ministre de la Sécurité publique et de la Protection civile et en vertu du paragraphe 17(1) de la *Loi sur les mesures d'urgence*, Son Excellence la Gouverneure générale en conseil ordonne que soit prise une proclamation :

- a) déclarant qu'il se produit un état d'urgence dans tout le pays justifiant en l'occurrence des mesures extraordinaires à titre temporaire;

b) décrivant l'état d'urgence comme prenant la forme suivante :

(i) les blocages continus mis en place par des personnes et véhicules à différents endroits au Canada et les menaces continues proférées en opposition aux mesures visant à mettre fin aux blocages, notamment par l'utilisation de la force, lesquels blocages ont un lien avec des activités qui visent à favoriser l'usage de la violence grave ou de menaces de violence contre des personnes ou des biens, notamment les infrastructures essentielles, dans le but d'atteindre un objectif politique ou idéologique au Canada,

(ii) les effets néfastes sur l'économie canadienne — qui se relève des effets de la pandémie de la maladie à coronavirus 2019 (COVID-19) — et les menaces envers la sécurité économique du Canada découlant des blocages d'infrastructures essentielles, notamment les axes commerciaux et les postes frontaliers internationaux,

(iii) les effets néfastes découlant des blocages sur les relations qu'entretient le Canada avec ses partenaires commerciaux, notamment les États-Unis, lesquels effets sont préjudiciables aux intérêts du Canada,

(iv) la rupture des chaînes de distribution et de la mise à disposition de ressources, de services et de denrées essentiels causée par les blocages existants et le risque que cette rupture se perpétue si les blocages continuent et augmentent en nombre,

(v) le potentiel d'augmentation du niveau d'agitation et de violence qui menaceraient davantage la sécurité des Canadiens;

c) indiquant que la gouverneure en conseil juge les mesures d'intervention ci-après nécessaires pour faire face à l'état d'urgence :

(i) des mesures pour réglementer ou interdire les assemblées publiques — autre que les activités licites de défense d'une cause, de protestation ou de manifestation d'un désaccord — dont il est raisonnable de penser qu'elles auraient pour effet de troubler la paix, les déplacements à destination, en provenance ou à l'intérieur d'une zone désignée, pour réglementer ou interdire l'utilisation de biens désignés, notamment les biens utilisés dans le cadre d'un blocage, et pour désigner et aménager des lieux protégés, notamment les infrastructures essentielles,

(ii) des mesures pour habiliter toute personne compétente à fournir des services essentiels ou lui ordonner de fournir de tels services, notamment l'enlèvement, le remorquage et l'entreposage de véhicules, d'équipement, de structures ou de tout autre objet qui font partie d'un blocage n'importe où au Canada, afin de pallier les effets des blocages sur la sécurité publique et économique du Canada, notamment des mesures pour cerner ces services essentiels et les personnes compétentes à les fournir, ainsi que le versement d'une indemnité raisonnable pour ces services,

(iii) des mesures pour habiliter toute personne à fournir des services essentiels ou lui ordonner de fournir de tels services afin de pallier les effets des blocages, notamment des mesures pour réglementer ou interdire l'usage de biens en vue de financer et d'appuyer les blocages, pour exiger de toute plateforme de sociofinancement et de tout fournisseur de traitement de paiement qu'il déclare certaines opérations au Centre d'analyse des opérations et déclarations financières du Canada et pour exiger de tout fournisseur de services financiers qu'il vérifie si des biens qui sont en sa possession ou sous son contrôle appartiennent à une personne qui participe à un blocage,

(iv) des mesures pour habiliter la Gendarmerie royale du Canada à appliquer les lois municipales et provinciales au moyen de l'incorporation par renvoi,

(v) en cas de contravention aux décrets ou règlements d'application de l'article 19 de la *Loi sur les mesures d'urgence*, l'imposition d'amendes ou de peines d'emprisonnement,

(vi) toute autre mesure d'intervention autorisée par l'article 19 de la *Loi sur les mesures d'urgence* qui est encore inconnue.

PRIVY COUNCIL • CONSEIL PRIVÉ

P.C. 2022-108
February 15, 2022

Whereas the Governor in Council has, by a proclamation made pursuant to subsection 17(1) of the *Emergencies Act*, declared that a public order emergency exists;

And whereas the Governor in Council has reasonable grounds to believe that the measures with respect to property referred to in this Order are necessary;

Therefore, Her Excellency the Governor General in Council, on the recommendation of the Minister of Public Safety and Emergency Preparedness, pursuant to subsection 19(1) of the *Emergencies Act*, makes the annexed *Emergency Economic Measures Order*.

g) les sociétés de fiducie régies par une loi provinciale;

h) les sociétés de prêt régies par une loi provinciale;

i) les entités qui se livrent à une activité visée aux alinéas 5h) et h.1) de la *Loi sur le recyclage des produits de la criminalité et le financement des activités terroristes*;

j) les entités autorisées en vertu de la législation provinciale à se livrer au commerce des valeurs mobilières ou à fournir des services de gestion de portefeuille ou des conseils en placement;

k) les plateformes collaboratives et celles de monnaie virtuelle qui sollicitent des dons;

l) toute entité qui exécute l'une ou l'autre de fonctions suivantes :

(i) la fourniture ou la tenue d'un compte détenu au nom d'un ou de plusieurs utilisateurs finaux en vue d'un transfert électronique de fonds,

(iv) the authorization of an electronic funds transfer or the transmission, reception or facilitation of an instruction in relation to an electronic funds transfer, or

(v) the provision of clearing or settlement services.

(ii) la détention de fonds au nom d'un utilisateur final jusqu'à ce qu'ils soient retirés par celui-ci ou transférés à une personne physique ou à une entité,

(iii) l'initiation d'un transfert électronique de fonds à la demande d'un utilisateur final,

(iv) l'autorisation de transfert électronique de fonds ou la transmission, la réception ou la facilitation d'une instruction en vue d'un transfert électronique de fonds,

(v) la prestation de services de compensation ou de règlement.

Registration requirement — FINTRAC

4 (1) The entities referred to in paragraphs 3(k) and (l) must register with the Financial Transactions and Reports Analysis Centre of Canada established by section 41 of the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act* if they are in possession or control of property that is owned, held or controlled by or on behalf of a designated person.

Reporting obligation — suspicious transactions

(2) Those entities must also report to the Centre every financial transaction that occurs or that is attempted in the course of their activities and in respect of which there are reasonable grounds to suspect that

(a) the transaction is related to the commission or the attempted commission of a money laundering offence by a designated person; or

(b) the transaction is related to the commission or the attempted commission of a terrorist activity financing offence by a designated person.

Reporting obligation — other transactions

(3) Those entities must also report to the Centre the transactions and information set out in subsections 30(1) and 33(1) of the *Proceeds of Crime (Money Laundering) and Terrorist Financing Regulations*.

Duty to disclose — RCMP or CSIS

5 Every entity set out in section 3 must disclose without delay to the Commissioner of the Royal Canadian Mounted Police or to the Director of the Canadian Security Intelligence Service

(a) the existence of property in their possession or control that they have reason to believe is owned, held or controlled by or on behalf of a designated person; and

Inscription obligatoire — Centre

4 (1) Les entités visées aux alinéas 3k) et l) doivent s'inscrire auprès du Centre d'analyse des opérations et déclarations financières du Canada constitué par l'article 41 de la *Loi sur le recyclage des produits de la criminalité et le financement des activités terroristes* s'ils ont en leur possession un bien appartenant à une personne désignée ou détenu ou contrôlé par elle ou pour son compte ou suivant ses instructions.

Opérations douteuses

(2) Elles doivent également déclarer au Centre toute opération financière effectuée ou tentée dans le cours de ses activités et à l'égard de laquelle il y a des motifs raisonnables de soupçonner qu'elle est liée à la perpétration — réelle ou tentée — par à une personne désignée :

a) soit d'une infraction de recyclage des produits de la criminalité;

b) soit d'une infraction de financement des activités terroristes.

Autres opérations

(3) Elles doivent également déclarer au Centre les opérations visées aux paragraphes 30(1) ou 33(1) du *Règlement sur le recyclage des produits de la criminalité et le financement des activités terroristes*.

Obligation de communication à la GRC et au SCRC

5 Toute entité visée à l'article 3 est tenue de communiquer, sans délai, au commissaire de la Gendarmerie royale du Canada ou au directeur du Service canadien du renseignement de sécurité :

a) le fait qu'elle croit que des biens qui sont en sa possession ou sous son contrôle appartiennent à une personne désignée ou sont détenus ou contrôlés par elle ou pour son compte;

(b) any information about a transaction or proposed transaction in respect of property referred to in paragraph (a).

Disclosure of information

6 A Government of Canada, provincial or territorial institution may disclose information to any entity set out in section 3, if the disclosing institution is satisfied that the disclosure will contribute to the application of this Order.

Immunity

7 No proceedings under the *Emergencies Act* and no civil proceedings lie against an entity for complying with this Order.

Coming into force

8 This Order comes into force on the day on which it is registered.

b) tout renseignement portant sur une transaction, réelle ou projetée, mettant en cause des biens visés à l'alinéa a).

Communication

6 Toute institution fédérale, provinciale ou territoriale peut communiquer des renseignements au responsable d'une entité visée à l'article 3, si elle est convaincue que les renseignements aideront à l'application du présent décret.

Immunité

7 Aucune poursuite en vertu de la *Loi sur les mesures d'urgence* ni aucune procédure civile ne peuvent être intentées contre une entité qui se conforme au présent décret.

Entrée en vigueur

8 Le présent décret entre en vigueur à la date de son enregistrement.

USE of FORCE – General

As per the Ontario Police Services Act, Regulations 926, all police officer (including Public Order Unit Members) performing active duty shall have an up to date Use of Force qualification within the last 12 months.

Notwithstanding the Rules of Engagement Chart, every officer will be accountable for any and all use of force in the execution of his/her duty. There will be an expectation that Public Order Members shall follow a gradual application of force when involved in crowd management proportionate to the situation and exercise personal restraint to avoid an escalation in response. Clear communication to public will be used in all circumstances where practicable prior to the use of any force in crowd management circumstances.

Notwithstanding whether an arrest is affected or not as a result of the use of force, any officer using any level of force on an individual(s) shall make notes as to the circumstances, including the behaviors/actions demonstrated and full description/identity of the individual(s) on who the force was directed. This will be required for follow up investigation and possible future prosecution.

POU RULES OF ENGAGEMENT – DECISION MATRIX

Every officer who draws their firearm in the presence of the public; discharge any firearm; use of any weapon, or improvised weapon other than a firearm on another person; or use physical force on a person that results in an injury to that person requiring medical attention shall complete a Use of Force Report prior to the end of duty.

Towing and Seizure of Plates – Questions & Answers

Declaration of Emergency under the Emergency Management and Civil Protections Act

The following questions and answers are to assist OPP members and provide clarity around provincial state of emergency orders.

Q: Are there powers of seizure under the EMCPA?

A: Yes. The EMCPA contains power of property seizure under S.5.1(1) O. Reg. 74/22.

Q: What is to be done with seized plates/licences after seizure occurs?

A: For commercial plates and permits (Ontario and out of province) once seized, shall be either given to the local MTO Transportation Enforcement Officer embedded in OPP operations or sent to:

Carrier Sanctions and Investigations Office
301 St Paul Street, 3rd Floor
St Catharines, Ontario
L2R 7R4

For non-commercial plates and permits, the Drivers Licence(s) and plates should be seized in accordance with S.6 (5) O. Reg. 71/22, but **no entry is required in SIMS** when acting under the authority of this Regulation. Ontario driver's licences and non-commercial plates are to be returned to the MTO.

Q: Where should individuals be directed to after plates/licences seizure occurs?

A: For commercial plates and permits, direct the carrier to the MTO contact address above to obtain information on the status of their permit and licencing at the end of the suspension.

For non-commercial plates and permits, reinstatements will be conducted through MTO ServiceOntario offices, as per usual.

Q: Do I need to complete a TIRR for every motor vehicle towed?

A: Yes. The EMCPA does not change OPP policies and practices.

Q: When completing the TIRR mandatory field, what length of suspension should I include?

A: The suspension is for 7 days. The MTO will manage the TIRR information once received and update as necessary if the MTO decides to impose a more significant penalty. TIRR must be submitted to MTO for all EMCPA tows.

Q: When the suspension is put into effect and the Tow and Storage Service Operator (TSSO) has removed the vehicle away to their compound, when can the vehicle be released?

A: The TSSO should contact the MTO Carrier Sanctions and Investigations Office (CSIO) to determine length of impoundment at CSIO@ontario.ca or by phone at 289-219-2110.

Q: Who communicates information to individual as to when their vehicle will be released?

A: MTO Carrier Sanctions and Investigations Office (CSIO). The owner/operator of a non-commercial vehicle will be sent the notice of suspension by mail, and in the case of commercial vehicle operators, the notice will be sent digitally by MTO once issued and will clearly show the duration of the sanction.

V,
 I spoke to Deputy Di Marco at 1229 hrs and was advised that the Commissioner and Minister have the OPP covering the costs.

I am actioning and moving forward on tow operations to happen with the authority of that conversation. Inaction past this afternoon would not enable this 1,200+ member deployment to move forward. I look forward to the paperwork catching up to the action.

Good afternoon Vicky,

I am reaching out to make OPS Legal aware of future tow operations associated with the Ottawa Truck Demonstration that will be ongoing later this week, Friday at the earliest.

Two third party companies (wishing to remain confidential) have been engaged to provide services through OPP (they have been performing all communications with these parties).

Up until this afternoon, I was told that OPP would be managing the service agreements in place with these operators (including costs), which includes the company contract provided by the operators as well as any terms & conditions to be identified per OPP agreements. OPP Legal has been leading this thus far and asking all the questions and dealing with the legal assurances requested from one of the vendors. Heard from one my contacts that they may be obtaining assurances as requested from the vendor under the Emergency Act, which would be covered by the Federal gov (e.g. if the company faces damages or other ramifications from protesters if their company's involvement is discovered).

We have not involved City Procurement even though the cost estimate is projected to be > 150K, as given the exceptional circumstances we obtained the Chief's authority to proceed with the operation per the Special Circumstances of our purchasing bylaws. We have communicated that OPS is to be included in the agreement (i.e. make it between OPP, OPS and vendors) given we are leveraging our purchasing bylaws. At this point in time, we will notify the City of the city lot vehicles are being towed to when the time comes, as required for their insurer.

But now hearing that OPP legal is only managing the contractor service agreements, do you have any suggestions of what we should provide on our behalf to make clear our involvement with the operation. Would some standard City T&C usually included with a PO suffice?

I have asked to be put in contact with someone at OPP Legal as I have been receiving inconsistent information from OPP regarding their extent of involvement and where OPS needs to assist.

If you can please advise regarding best steps forward to get a service agreement in place that would be great,
however I just want to make your team is also aware of the ongoing communications, should you have any concerns

Thank you,
Heather

Dave,

I spoke to the Deputy. You are correct that the OPP will be covering the costs, however not agreeable to all demands such as FOI, indemnity clauses etc. The letter for emergency procurement has gone to the DSG for approval which has been done.

We are waiting to hear back on whether the Tow Companies are in agreement to move forward based on the letter that refers them to the emergencies act rather than indemnification. If agreed to these letters would likely not come tonight but tomorrow. My hope is they will continue to proceed based on that information. BMB is working this with legal.

If the prep company backs out, Kirk advises me that that the plan can still move forward with the other tow companies, albeit slower. Ultimately that would be the decision of your team down there so will defer to your expertise.

Notwithstanding whether an arrest is affected or not as a result of the use of force, any officer using any level of force on an individual(s) shall make notes as to the circumstances, including the behaviors/actions demonstrated and full description/identity of the individual(s) on who the force was directed. This will be required for follow up investigation and possible future prosecution.

Every officer who draws their firearm in the presence of the public; discharge any firearm; use of any weapon, or improvised weapon other than a firearm on another person; or use physical force on a person that results in an injury to that person requiring medical attention shall complete a Use of Force Report prior to the end of duty.

Walid, (as per text) - can you concentrate your traffic team members to intercept, educate and discourage the 10 vehicle convoy at the Arnprior Motor Inn from entering the City of Ottawa downtown core. I will not tell you how to prevent them to commit the offence of mischief but be amazed by the ingenuity of your members to accomplish same.

Thanks Dave

Deputy and Chief,

██████████ made contact with convoy. They are around Kingston and are heading to the "field" that they left from. Working with ██████████ to see if the "field" may be the one in VARS.

Spoke to Jeremy - 3 vehicles believed to be convoy related spotted at Gananoque.

Springer at 416 - setting up OPP/RCMP/OPS from Hunt Club at 416 to Hunt Club at 417.

Units coordination through NCRCC and EOC.

2 bobtail and 3 pick-ups now EB 401 in South Dundas being followed to determine destination

Intercept educate and discourage.

If they proceed into city, exclusion units/traffic ground units will continue with interdiction with similar wording that unlawful activity will have consequences.

In Arnprior in 25 minutes for info on that convoy.
